

FUNSTON SENDS TROOPS TO THE GOLDFIELD MINES

500 KILLED IN TERRIFIC MINE EXPLOSIONS

Entombed Miners Cut Off From Rescue by Smoke and Flames in the Shafts.

FAIRMONT, W. VA., Dec. 6.—A disaster in the mines at Fairmont, W. Va., today resulted in the death of 500 miners, the largest number of deaths in the history of the coal industry in America.

The explosion, which occurred at 10:30 o'clock, was the result of a gas explosion in the No. 1 shaft. The explosion was so terrific that it was heard for miles around. The miners were working in the No. 1 shaft, which is one of the deepest in the world. The explosion was so great that it was heard for miles around. The miners were working in the No. 1 shaft, which is one of the deepest in the world. The explosion was so great that it was heard for miles around.

TRAFFIC TO MINES ENDED
FAIRMONT, W. Va., Dec. 6.—The explosion in the mines here today has ended all traffic to the mines. The explosion was so great that it was heard for miles around. The miners were working in the No. 1 shaft, which is one of the deepest in the world. The explosion was so great that it was heard for miles around.

DEATH CALLS PROMINENT EARLY SETTLER OF STATE

Augustine Galindo died this morning at the family residence on 426 Fifth street. Bright's disease was the cause of his death. The late Mr. Galindo was a pioneer settler of California, having been a resident of San Jose and this city for many years. He was a well-known settler in the state.

WRECK DELAYS SOLDIERS

SACRAMENTO, Dec. 6.—An east-bound passenger train due to arrive here at 11 a. m. was delayed about 10:30 o'clock by a short distance below Davisville. The train bearing United States troops for Nevada was close behind the express and has been delayed for several hours.

JAPAN REJOICES AT PRESIDENT'S MESSAGE

OKIO, Dec. 6.—Viscount Kaneko has cabled President Roosevelt as follows: "The whole empire is rejoicing at your strong recommendation that America should participate in our exposition. I thank you for the benefit of the people of Japan." (Signed) KANEKO. This dispatch is significant as Viscount Kaneko is a member of the privy council.

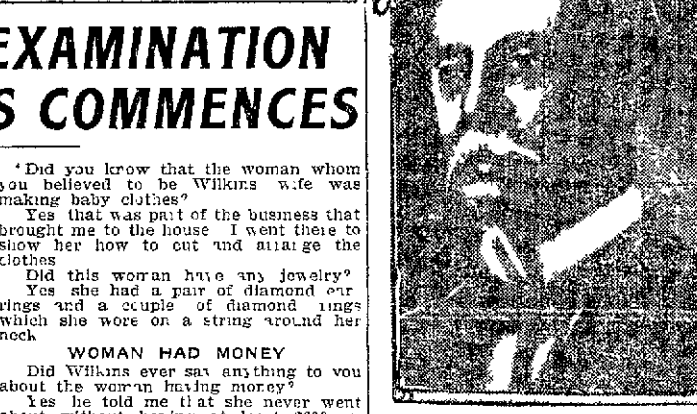

PRELIMINARY EXAMINATION OF WILKINS COMMENCES

The preliminary examination of M. A. Wilkins, of Elmhurst, who has been charged with the murder of Mrs. Verne Carmin, opened before Justice Geary at 10 o'clock today. The examination was held in the courtroom of the Superior Court. The witness then stated that Wilkins told her that he had been a married man and had a grown family when he was in Chicago. The witness then stated that Wilkins told her that he had been a married man and had a grown family when he was in Chicago.

KIMMONS WRITES THAT HE KNOWS NOTHING RELATIVE TO WILKINS MURDER CASE

Shortly after the preliminary examination of M. A. Wilkins in Justice Geary's court this morning, on the charge of murdering Mrs. Verne Carmin, was commenced Attorney McLaane of San Francisco, who is defending the accused, received the following letter from P. E. Kimmons, who was formerly a resident of Fruitvale and occupied the same home with the woman who was murdered and the man who is charged with the crime of taking her life.

BRIGADIER GENERAL FUNSTON

GOVERNOR SPARKS

What did he do with the girl? He put it in the front yard. Did he say why he put it there? Yes, he said it was more fertile than the ground in the yard because the shed for a time had been occupied by a horse. The witness then said that for a time she had not seen Wilkins and that one day he came to her house and said that he and his wife had gone to Kansas City. They were very nice and kind to me and I am certainly sorry to hear of their trouble and would like very much to know the particulars about the trouble. I registered Mr. Wilkins a letter yesterday to Elmhurst. I wish you would notify him and give him my best regards. I certainly hope he is not the guilty one. I left there on the 22d of August and arrived in Sour Lake, Texas, on the 23d of August. I have been here ever since and you can find me at any time. I hope to hear the particulars soon. That is all I know. Yours respectfully, T. E. KIMMONS.

NINE COMPANIES LEAVE OAKLAND MOLE FOR MINES

Bloodshed, It Is Feared, Will Occur Before the Troops Reach the Scene.

WASHINGTON, Dec. 6.—A situation of the utmost and immediate danger at Goldfield, Nevada, is revealed in the official correspondence just made public between Governor Sparks of that State and the President. The Governor's appeal for troops is construed by the authorities to indicate the imminence of great peril and, if actual violence is to occur at all, it is expected before the arrival of the troops from California, in Goldfield.

Word reached here this morning that two trains of regulars would leave San Francisco today for Goldfield.

Miners and business men here were no more prepared for this announcement than they were for the first statement that troops had been requested as there is not the least semblance of disturbance in the camp or town.

Members of the Miners' Union in large numbers surround the Union headquarters and meetings formal or informal are in constant session but are always guarded with the utmost secrecy. Despite the evident suppressed excitement among the miners they are keeping the peace in every way, refraining from discussing the situation on the streets even. They seem

HENEY IS WHISTLING FOR HIS GOOD DOG GALLAGHER

Owner of the Big Stick Is Sending Telegrams Broadcast to Head Off "Big Jim."

(Special to The Tribune)
SAN FRANCISCO, Dec. 6.—Whether or not the graft prosecutors have as yet been able to locate James L. Gallagher, who by grace of the Big Stick was permitted to go east to spend some of his ill-gotten gain and because of his absence the trial of Patrick Calhoun was postponed yesterday until Monday is the question which chiefly interests the residents of San Francisco today. Nothing could be learned from Francis J. Heney, who this morning was closeted with numerous visitors at his office and denied himself to newspaper men. From attaches to his office however it was learned that a large number of telegrams had been dispatched eastward by Heney both yesterday and this morning, and that several had been received in reply. But whether or not any has reached Gallagher or whether any of those received here were from him, no intimation could be gleaned. The attorneys for the defense however, expressed today the belief that Gallagher will promptly obey the whistle of his master and will return as soon as he receives his telegraphic orders. They point out that the immunity contract granted him by the grace of Rudolph Spreckels binds him with iron bands to the prosecution and that fear of pursuit and arrest would drive from him any thought of not returning. Just when he will return however, is problematical. Heney has declared that he knows Gallagher's hideout and will reach him. In fact, Heney expected to meet Gallagher yesterday and this morning, and that

REAR-ADMIRAL SEBREE LEADS WAY TO PACIFIC

REAR-ADMIRAL SEBREE.

REAR-ADMIRAL URIEL SEBREE, WHO, WITH TWO CRUISERS, IS LEADING THE WAY TO THE PACIFIC.

In advance of the fleet of battleships, which is soon to round Cape Horn, the two new armored cruisers Washington and Tennessee were sent, as it were, to pave a way. They went under the command of the youngest rear-admiral to hold a fighting assignment in the navy. This is Rear-Admiral Uriel Sebree, who will probably succeed Rear-Admiral Evans as chief of the great fleet, when "Fighting Bob" retires in the spring.

Rear-Admiral Sebree was born in Missouri fifty-nine years ago, and after graduating from the Naval Academy, he entered upon a career of widely varied service. By a sort of coincidence, his commands have often been in northern and Arctic waters. Thus, he accompanied Commander Greer on the Polar expedition, in 1872, and he played an important part in the Greeley Relief Expedition under Commodore Schley, in 1884.

It must have vexed him that, during the war with Spain, he was again ordered north.

Professor A. K. Skinner, chief astronomer of the United States naval observatory, who will soon retire on a life pension, was appointed to the position in 1870, since which time he has discovered or determined the places of about 3000 stars, besides doing an immense amount of work in the field of applied astronomy and mathematics. He will be succeeded by Professor Herbert L. Rice, formerly in charge of the Ephemeris and now assistant astronomer.

ROLLER SAYS CHARACTER DAMAGED; TO BEGIN SUIT

Detective, Freed From Jail, Will Hunt Bandits, Then Seek Coin for Wounded Feelings.

Peter F. Roller, detective, sanitary inspector and all-around good fellow, who, in company with Anita Forcade, better known as Mrs. Harry Morton, was arrested in Seattle on a charge of larceny, preferred by J. R. Morton, brother of Anita Forcade's common law husband, says that he is about to start suit for damages against J. R. Morton on the grounds of defamation of character.

Through his arrest, Roller says that he is knocked out of a position in Seattle as city sanitary inspector which paid him \$150 a month and he is bound to get redress. Before bringing the suit, however, Roller says he will go to Portland and from there to Montana, where he is to take up the trail of the man who robbed the Great Northern Express last October, one of whom, Fred Worthington, he says, confessed to him in the Portland jail as to his guilt.

ALLEGES ELOPEMENT SCHEME. Roller, although much disconcerted at what he terms harsh treatment at the hands of Morton, has a laugh on his side in blocking an alleged scheme on the part of J. R. Morton to elope with his brother's wife. Roller says that although J. R. Morton recognized Anita Forcade as Mrs. Harry Morton, he prevailed upon the woman to elope with him. The woman pretended to agree with the plan of J. R. Morton, it is said, but all the time had made up her mind to leave Oakland with Roller.

As the story goes, J. R. Morton bought a trunk and sent it to Anita Forcade. She packed her belongings in the trunk and started it on its way to the depot. She later met Roller who was in an automobile, the expressman was overhauled at a point agreed upon, the trunk was transferred from the expressman's wagon to the automobile and Roller and the woman left for the north.

J. R. Morton waited for some time for the woman to put in an appearance, but

later, Roller says, he discovered that he had been jilted, and then it was, Roller alleges, Morton swore out the warrant for the arrest of the woman and himself in order to get Anita Forcade back into Oakland so that he could persuade her to go with him as had been, it was presumed, agreed upon.

Another story looks out to the effect that when Anita Forcade learned that J. R. Morton had some money left him by Dr. Harry Morton from the sale of real estate to which Anita Forcade claimed a community interest, she used bodily force in making J. R. Morton tell her where the money was. It is said that the Forcade woman scratched J. R. Morton's face and otherwise roughly handled her brother-in-law. In this strenuous manner she learned that \$100 was at McVey's saloon and it was alleged that she and Roller had secured this amount on a forged order. Their arrest followed. They were acquitted of the charge yesterday in the Police Court.

GAS FROM COTTONWOODS. The cottonwood tree which grows in such abundance in Kansas is a complete gas-making plant, according to a recent discovery made by Professor W. Bushong, one of the assistant professors of chemistry at Kansas University, who recently attempted to make a trip down the Marais des Cygnes river in a canoe. In the heart of the cottonwood tree is confined a gas which burns readily, with a faint blue flame, and which produces a greater degree of heat than does the ordinary natural gas because of a larger proportion of free hydrogen. This feature of the cottonwood has never before been exploited. It is not a matter of great commercial value, but it is an interesting bit of scientific information. Kansas City Journal.

Leaves Rebuke For Spouse in Farewell Note.

LOS ANGELES, Dec. 6.—Mrs. Ida Wulst, aged 38, wife of Karl D. Wulst, a lithographer, today committed suicide at her home, 751 Ottawa street, by inhaling illuminating gas. Mrs. Wulst left a note for her husband, upbraiding him for his alleged lack of affection and expressing the belief that he would be glad to be rid of her. Up to a late hour tonight the police have been unable to locate Wulst.

THINKS CHILD DIED FROM INATTENTION

Health Officer Forces Way Into Home of Christian Science Parents.

Benjamin J. Sambroff, the three-year-old child of Mr. and Mrs. E. Sambroff of 1807 Tyler street, Fruitvale, died last evening of diphtheria. The parents of the infant are said to be Christian Scientists and refused the offer of Dr. Cullen, health officer of Fruitvale, to treat the little sufferer. He, however, took it upon himself to see the child, but when he returned for a second visit, he says he was refused admittance to the house. Dr. Cullen then secured the assistance of an officer and made his way into the Sambroff home. He gave the dying child one treatment of anti-toxin, but too late to save its life. The corner was notified and an inquest was held.

It is said that two other Sambroff children are suffering from diphtheria.

in Washington. The fact that the hired attorney of the graft prosecution intended a trip to the nation's capital is further proof of the statement published yesterday by THE TRIBUNE that the prosecution had no intention of setting the trial of Calhoun for this time until Judge Lawlor unwittingly forced them to do so. Compelled before the verdict in the Ford trial was rendered to announce their further program, the prosecutors did not dare to let the jury know that they had continued the other cases to a specified date, without the slightest intention of trying any one of them. At this time, and, caught red-handed, O'Garra and Henry were forced to announce the trial of Calhoun, though fully aware that one of their chief witnesses, the arch boodler, Gallagher, was not within reach and that the trial could not go on. The discomfiture of the prosecution, because of the inevitable exposure, is the talk of San Francisco today. What is to happen on Monday in the event of Henry's failure to locate Gallagher, is another matter on which speculation is rife. When the continuance of the case was proposed yesterday, Judge Lawlor announced that the only alternative would be the tentative selection of a jury. This would mean that a panel would be chosen, and if, in the meantime, Gallagher had not put in an appearance, the jury would be ordered into custody, awaiting the pleasure of his arrival. San Francisco would then be treated to the anomalous spectacle of twelve men practically in confinement, and Patrick Calhoun, eager from the first to be speedily heard and to be granted the vindication which he declares will be his all at the mercy of the scally-wag and self-confessed boodler, Gallagher, while the latter junks and tries with his dollars to offset the taint of crime which even the immunity bath will not wash off. Meantime the attorneys for the defense, led by A. A. Moore and with him, consisting of Earl Rogers, Stanley Moore, A. C. King, Peter Ashe and Louis F. Byington, are busy preparing for the big battle.

The climax of the case will undoubtedly be reached when Rudolph Spreckels, summoned by the defense, is placed upon the witness stand. Why he has been subpoenaed the defense at this time does not desire to state. It means, however, that Patrick Calhoun plans a fight to the bitter end, waving aside all technicalities and having his case tried on its merits.

It means that the secrets of the graft prosecution, the animus that is believed to have investigated it will be bared. The friends of Patrick Calhoun declare that when the enforced revelations which are to come he will be cleared of the charges which have been made and his vindication be complete.

SHIP GOLD NOW IN
FOUR POUND CANS

FAIRBANKS, ALASKA—Gold dust from the interior is now being sent out in four-pound cans. This new system was adopted after the series of his precious metal thefts from the sacks of registered mail while they were being transported from Fairbanks to Dawson to be sent to Seattle. Three times the mail bags were robbed and all told more than \$200,000 in gold dust was taken. Under the present system the gold is carefully weighed after it comes from the interior and put in separate gold boxes. The mailing clerk of the bank then takes the gold, weighs out enough so that the entire package, gold dust, tin box, sack, tags and all, weighs exactly four pounds. He seals the box and package and puts on the package \$1.50 in postage. The package is then turned over to the registry clerk and a separate registry receipt is made out for each package.

ROTARY LOCK USED. These packages are put into a sack and a rotary lock is placed on the bag. The bill on the inside shows the number of the lock, and this rotary lock is not opened until it reaches its destination. When it is opened the number contained inside the bag and the one on the lock will show if the bag has been tampered with. All the banks in the Tanana country have established mailing departments so the miners, after having their gold assayed, can have it wrapped and properly

fixed for shipment through the mails. Insurance companies, which lost heavily when the three gold robberies took place on the Yukon, are responsible for the inauguration of the new system.

Nothing suited old Abe Jenkins (or, Uncle Abe, as we boys called him) better, after his day's work, than to sit in his cozy nook by the kitchen fire and smoke his old cornucopia. His wife, on the other hand, liked excitement, and would take in anything and everything from a funeral to a patent-medicine show on the street corner. On one occasion, however, the old lady succeeded in persuading Uncle Abe to go with her to see a phrenologist whose clever advertising even interested old Abe a little. The old couple, arriving a little late, were ushered up into the front row. Much to the amusement of the crowd, and especially Mrs. Jenkins, Uncle Abe was chosen as a subject for the professor to experiment on. "And now," said the phrenologist, "Mr. Jenkins, among many physical discomforts, you are troubled with cold feet, is that right?" "Yes," replied Uncle Abe, looking toward the front row; "but they are not my own."—Judge's Library.

DRIVEN TO DRINK BY HEN'S CACKLE

Ministerial Appearing Person
Tells Court That He Was
At Poultry Show.

Aged Albert A. Carrie, a gray-haired, ministerial appearing personage, stood up in the Police Court dock before Judge Smith this morning and went when he was asked if he had been drunk.

"I went to the poultry show at Idora Park last night, Judge," he said between sobs, "and I became so interested at what I saw and heard and was so sort of confused at the cackling of the hens and crows of the roosters that I forgot to eat my supper. I took a few drinks on an empty stomach and it knocked me completely out."

"Oh, well, quit your crying and go home and get something to eat," said Judge Smith in ordering his release.

WAS BADLY UPSET.

John W. Parks (colored) almost had an attack of heart disease, this morning through misunderstanding, sentenced to him by Judge Smith for carrying a pistol. Parks said he worked for H. W. Bishop as a coachman and carried a weapon nights to protect himself.

"You have no right to carry a gun; \$40 or twenty days for you," said Judge Smith.

Parks' knees gave way beneath him and he sank weakly into his seat. But he soon jumped quickly to his feet and with his eyes standing out like door knobs and his breath coming in gasps he asked in a squeaky voice:

"Lord bless us, Judge, did you say 'and twenty days'?"

"No, just one or the other," was the

reply.

"Cross us for that," said Parks, and he sat down again with a sigh of relief.

BROKE JAIL FLOOR.

E. H. Lowden, who broke the boards in the door of the branch jail in East Oakland while being held there on a charge of drunkenness, was this morning sentenced to twenty-five days in jail for malicious mischief and six days for drunk.

SLEPT IN BOX CAR.

James Anthony, T. L. Burtch, Eben Keranert, John Heinelt and George Parol, caught sleeping in a box car, were today sentenced to twenty-five days in the city prison.

STOLE PAIR OF BOOTS.

W. Snell, who, after his arrest, admitted the theft of a pair of boots from the second-hand store of B. Simon, was this morning sentenced to sixty-days in jail on a charge of petty larceny by Judge Smith.

A bridge now being built across the Columbia river at Vancouver, B. C., will be one of the longest double-track railway bridges in the world. There will be twenty-six piers. The draw span will be nearly 800 feet long, and the top of the bridge will be 100 feet from the water. The cost of the structure when completed will be over five million dollars.

CHANCE REMARK SAVES MAN FROM HANGING

CHICAGO—A casual remark of a witness in Judge Chetlain's court saved a man from conviction of murder on circumstantial evidence. Indeed, the State had presented such seemingly conclusive proof that Angelo Serpico had killed Salvatore Serpico that conviction and a death penalty were expected. This strong structure of proof built up by the State collapsed like a bubble when the case was about to go to the jury.

A casual question asked of Dr. Warren Hunter, coroner's physician, on cross-examination, developed the evidence. Prior to that important testimony, Assistant State's Attorney Fleming had presented a chain of evidence apparently complete.

Against the array of evidence the defendant was able to present only a feeble defense. He took the stand and denied the shooting. He admitted having drawn a revolver, but was unable to explain the exploded cartridges. On cross-examination by Fleming, when asked to account for Salvatore Serpico's death, he said:

SAYS "LOUIE DID IT."

"Louis did it." He could not tell who Louis was except that he was an Italian who had been present in the saloon and who had since fled.

Dr. Hunter was the last witness called. He expressed the opinion that death was

due to shock and hemorrhage caused by the bullet wound.

"By the way, Dr. Hunter," Attorney Harlan, for the defendant asked, "have you the bullet that you found in the body?"

"Certainly," Dr. Hunter replied, and he handed the bullet to the lawyer.

"Why, this is a .32-caliber bullet," Attorney Harlan exclaimed.

The bullet was then placed in the revolver owned by the defendant and it rattled in the empty cartridge. After only a short deliberation the jury returned a verdict of not guilty.

A BUTTERFLY DAM.

As the sewage of Chicago, pouring into the Chicago river from all the houses in an area of some 200 square miles, going down the south branch into the drainage channel and down the drainage channel to the Illinois river and to the Mississippi, it will encounter, near Lockport, a new and a wonderful kind of dam, a "butterfly" dam, a dam that will be capable of being swung around bodily in the current of the stream on two enormous metal pins.

"It is, perhaps, a mistake to say that the sewage of Chicago will itself encounter this dam. By the time the water of the drainage channel reaches Lockport it is astonishingly clean and clear. Running water like a successful man, purifies itself as it advances, and if it goes far enough, no one can reproach it with its past sins. Lockport is only about thirty-five miles from Chicago, but by the time the polluted waters of Lake Michigan and of the Chicago river have arrived at that point they look

innocent as if they had never had any past at all.

"It is water, then, and not sewage, which will float towards the 'butterfly' dam. But it will not float over it. That is the curious thing about 'butterfly' construction. The water will flow by the dam. The dam will swing aside to let it pass, just as a bridge swings aside to let an ore steamer go down the Calumet river.

"This remarkable dam will be one of the greatest curiosities in that museum of curiosities, the Chicago drainage channel. The spectacle of a river flowing the wrong way against its natural inclination, the mountainous canyons of clay and rock through which the sewage of a great city is conducted across the quiet plains of an Illinois State, the gigantic concrete caverns through which, near Pollet, the waters of the channel will plunge downward, making electricity as they plunge—these things will not attract a larger number of amazed spectators than the dam which flutters its wings in imitation of the beautiful inner sister which it is named."—William Hard in Technical World Magazine.

All shuddered. "Ah, how that poor, injured halfback must be suffering," one exclaimed. "Listen! Did you ever hear such dreadful yells?"

"Oh, that ain't him," the trainer explained. "That's the consultant surgeons arguin' in the ante-room."

COMMON SENSE

Medicine is not of much use to cure consumption. Fresh air and clean living are the essential forces to combat the dread white scourge. Every precaution should be employed to prevent germs from settling on the lungs and coughs and colds should not be neglected. To break up a cold quickly and cure any cough that is curable, mix a half ounce Virgin Oil of Pine with two ounces of glycerine and a half pint of good whisky. Shake well and take a teaspoonful every four hours. Five ounces of tincture of Cinchona compound can be used instead of whisky with the same effect.

This mixture will usually break up a cold over night. Care should be exercised to use only the genuine Virgin Oil of Pine, which is prepared in the laboratories of the Leach Chemical Co., Cincinnati, O., and put up for dispensing, only in 1/2-ounce vials, each securely sealed in a round wooden case. It is better to purchase the different ingredients separately and mix them at home.

STRENUOUS HEROINE

CAUSES \$10,000 SUIT

New York Actress Becomes Too Energetic in Saving Hero.

NEW YORK, Dec. 6.—The over-energetic of the heroine in the melodrama "Convict 999" was the cause of a suit which has been filed against the actress of the New American Theater in New York City. The plaintiff is Miss Fannie Silver and she demands \$10,000 damages. Miss Silver attended a performance of the melodrama November 13. She occupied a seat in the front row. In the last act of the play the heroine prevents the villain from attacking the hero by seizing a sledge-hammer and menacing him with it. On the night Miss Silver saw the play the heroine put so much strength into her acting that the head of the sledge-hammer flew off and struck Miss Silver in the face, breaking her nose and knocking out two teeth. Hence the damage suit.

TRAINMEN ATTACKED BY INFURIATED BREEKS

SUSALITO, Dec. 6.—Pursued by a mob of fifty infuriated Greeks, Conductor Thomas Moore and Engineer Spinnery of a Northwestern Pacific work train in Marin county yesterday narrowly escaped injury.

A mob of the Greek laborers had been known from the train. One of the five was probably fatally hurt. The Greeks turned angrily upon the train crew after they had attended the funeral.

OPPOSE REGULATION OF RAILROADS BY STATES

CHICAGO, Dec. 6.—Governmental regulation of railroads rather than State regulation, and more prevention and less cure, are among the things the Western Fruit Jobbers' Association believes are urgently needed in the transportation world. This became apparent yesterday when the transportation committee presented to the annual convention its report, which reads:

"With the expansion of business it becomes more and more manifest that States cannot effectually regulate railroads and that their efforts in that direction are confusing and occasionally harmful."

"The regulation of our railroads must be left to the Federal government, whose opposition to pooling and combining must eventually be abandoned. And to meet these new conditions increasing governmental supervision and watchfulness over the operating and accounting departments of every road, with a view to preventing harmful practices, must be a large measure take the place of the many prohibitions and 'don'ts' in the present law. In other words, we should have more prevention and less cure."

NOVELTY THEATER HAS ELABORATE PROGRAM

This week's program at the Novelty is one that appeals to those seeking a glitzy entertainment. The feature act is the comedy sketch of Barton and Ashley, entitled "Canal Boat Sal." It is one of the funniest skits seen here for a long time.

Miss Myrtle Vicerine, known as the fashion-plate soubrette and artistic toe dancer, does a clever turn and Ray Fern in Darktown delineations is above masquerade in his line. The Zantrilas, presenting living pictures are a hit, and Shedd's trained dogs please the adults, as well as the little ones.

There are two sets of motion pictures, and altogether the bill is an exceptionally good one. Next week beginning Monday the Mikado entertainers, the famous Sanatroupe, presenting wonderful contortion acts will be the feature. Hereafter there will be eight start features each week.

Big Stock Reducing Sale Continues at Keller's

This week a great many men came in for those fine Suits that we advertised last Friday. We sold exactly 218 of the suits.

But we've still got too many high priced suits, and are going to run the sale all next week. We want to get the stock down a little more. Would rather have what they cost us.

So we'll divide the profit with you (giving you a little the best of it) and advise you to buy early—tomorrow if you can come in. You know we can't keep up a game like this indefinitely. It's too expensive.

During this sale you pay

\$31.95 for \$40.00 Suits \$29.95 for \$37.50 Suits
27.95 for 35.00 " 24.95 for 32.50 "

\$20.95 for \$27.50 Suits

Full Dress and Tuxedo Suits not included.

The little men share in this sale too. At \$5.95 we offer choice of any \$7 or \$8 short pants suit. If he wears long pants, he can have any \$9 or \$10 suit for \$7.95. A free savings bank with every boy's suit.

LEAPS TO HIS DEATH DOWN BANK IN DARK

NAPA, Dec. 6.—While returning home after dark, Henry Heldhoff Jr., a resident of Redwood, nine miles west of Napa, and one of the best-known ranchers in these parts, met death in an unusual manner. He was on his way from this city, driving a double team, hitched to a big wagon, accompanied by two Italians.

In going up a steep hill a short distance from his house he thought his horses had left a narrow grade and he jumped off to see the way. In the darkness he missed the edge of the road and was precipitated to the bottom of the canyon. He was rendered unconscious and in falling he landed in a creek about a foot deep. He was drowned when found. He was born in Germany forty-two years ago. He leaves a wife and infant daughter.

TRIES TO THROW WIFE CHARMER OUT OF HOTEL

REDWOOD CITY, Dec. 6.—Believing that Walter Green, a saloon keeper was too friendly with his wife, Robert Wallace, a slot machine repairer, tried to throw the liquor dealer out of a second story window of the Del Monte hotel here yesterday afternoon.

Wallace found Green talking to Mrs. Wallace in the hallway of the hotel. Coming up close to the couple, without a word, Wallace drew his revolver. Green grabbed his arm and then the men fought back and forth through the hallway.

During the fight Wallace dropped the revolver and one of the chambermaids picked it up and ran off with it.

The Nevada Mining Trouble.

The situation at Goldfield must be serious indeed or Governor Sparks would hardly have called on the President for Federal troops to assist in maintaining order. How serious the situation is may be inferred from the following bits of information contained in the San Francisco morning papers:

"Dispatches from Goldfield last night said it had been learned that the striking miners had stored away thousands of pounds of dynamite and were plentifully supplied with rifles and ammunition."

"Other dispatches from Goldfield last night declared that dozens of the largest buildings in the camp had been undermined and dynamite planted beneath them. It was stated that the conservatives in the southern camp desire to return to work, but that the more radical element among the miners threatened to kill them if they made the attempt. There were threats made last night by some of the rougher element in the camp not actually connected with the strikers to blow up the banks and secure the money."

The trouble is largely due to the tactics of turbulent members of the Western Federation of Miners who came to the State from Colorado and Idaho after the rich gold discoveries in southern Nevada a few years ago. These men immediately began to create disturbances and foment ill-feeling between the miners and mine-owners. They destroyed the local unions which had for two generations regulated the relations between underground workers and their employers, and by lawless and violent methods instituted a reign of terror and proscription. They endeavored to intimidate not only mine-owners and business men but the peaceable, orderly and well disposed element among the miners. They hissed and insulted the American flag, defied the law and assumed to abrogate the common rights of citizenship and property. They issued decrees of banishment under penalty of death, and filled the air with threats of dynamite and assassination.

These men are the disciples of Haywood, Moyer and Pettibone, and many of them have been mixed up in the riotous demonstrations incited, if not directly instigated, by them. Their propaganda of unreason, tyranny, hatred and violence has finally brought things to such a pass that the Governor of Nevada has deemed it necessary to call in the national military to avert outrage, bloodshed and the destruction of property. Of course the men who have brought about this posture of affairs will denounce Governor Sparks and the President, but that is only natural. The Federal troops will interfere with no man's right to labor or control his own property, but they will prevent lawless and violent interference with peaceful and industrious pursuits. Men who curse the American flag and profess to regard the presence of an American soldier as an infringement of their rights have small claim to respect. It is the guaranty of freedom and protection which the flag symbolizes that they abhor. They are opposed to the law and its purposes, and their pretended fear of military usurpation merely cloaks resentment at being compelled to respect the rights of others. Men who blow up mines and railway stations assassinate officials and overturn the established authority and the laws instituted for the maintenance of orderly society are foes to their country and to all human progress. In the sacred name of right they seek to perpetrate wrongs which would ultimately wreck the whole social and political fabric. The methods of the Russian Terrorists will not be tolerated in this country.

Napa River Improvement

It is now proposed to divert the flow of Napa river direct into San Pablo bay by cutting an opening in the narrow neck of low land north of Mare Island. It was suggested many years ago, but no effort has since been made to carry it out. Secretary Metcalf is now said to favor the plan. It is claimed by the Vallejo Chronicle that the change will aid the navigation of the river and shorten the distance between Napa and San Pablo bay several miles. But the chief object of the improvement is to convert the waterway in front of the island into an inclosed basin through the construction of a dam at its head to shut off the inflow of the stream and the silt it brings down every winter with its flood waters.

The plan is undoubtedly feasible and will enhance the value of Mare Island as a naval station, as the basin thus protected against the river silt can be kept inexpensively at all times with enough depth of water to float the largest battleship.

The proposed improvement of Napa river will doubtless cost considerable, but the expense cannot be prohibitive. It is for the benefit of commerce and to the interest of the government that the river be improved and that the navy yard be put in the best possible condition whatever the cost. It has invested so many millions in building up the yard and its equipment that it would be the height of folly at this late day to allow it to become impaired. And if Congress should decide to establish another naval station in Oakland harbor or on the shores of San Francisco harbor, as is proposed in a bill now pending before it, it should be planned as a sub-station or auxiliary to Mare Island navy yard, not as a substitute for it.

The arguments advanced by Colonel John P. Irish in support of his proposition to close our gates against European immigration and open them wide to Asiatics are a trifle irrelevant. He says foreigners from Europe prevent American boys from learning trades. The remedy for that evil is not letting Chinese and Japanese swarm into this country in unlimited numbers. Every American boy should be given the opportunity to be trained in some regular calling, whether it be the handicrafts, the arts, the professions or the science of agriculture, but allowing Orientals to pour into this country will not afford nor even encourage it. Lowering the standard of morals, citizenship, comfort and public intelligence with the scum of Asia will only ensure the American boy. Training in the industrial arts can be ordered without asking the permission of short-sighted and intolerant labor unionists or permitting the Pacific Coast to be Orientalized. The importation of servile labor will not elevate the standard of efficiency, intelligence and patriotism of American artisans.

If Councilman Elliot feels that it is such a burning necessity that he should do politics and practice law in the same town he can accomplish the result by moving his law office over to Oakland. Really it is not essential that Oakland be annexed to San Francisco to get Mr. Elliot's office and his voting residence in the same municipality. Even Mahomet went to the mountain—after the mountain had refused to go to Mahomet.

Certainly the Calhoun trial should wait while Jim Gallagher has his fling. Surely the good man is entitled to a vacation after rendering such distinguished service to morality and public and private decency.

TERSE COMMENT BY PRESS OF THE COUNTRY

I THINK I CAN STAND THE PINCH

Covert Pro-Chinese Movement.

At a recent meeting of the New York Board of Trade and Transportation, a very ingenious pro-Chinese attempt was made to re-open the question of Chinese exclusion for the purpose of letting down the bars for the admission of coolie labor into the country, but it was promptly foiled. A resolution had been unanimously adopted condemning harshness to all classes of Chinese allowed by law to enter the country.

Eastern sentimentalists present took advantage of the action of the meeting to go a step further, construing it to mean a friendly disposition toward Chinese labor, by offering a resolution favoring the admission of a limited number of Chinese laborers. This is where they over-reached the mark, for the reading of the resolution brought forth a storm of protests and it was promptly tabled by an overwhelming vote. The incident merely shows that there are evidently some people in the Eastern States who have not yet realized that the question of excluding Chinese coolie labor is a settled fact in the national policy—that the bars against their admission are up to remain permanently—and that whenever any effort, open or covert, is made to re-open the question it only creates bad blood and engenders discord, without the slightest prospect of meeting with success.

CHIPS FROM OTHER BLOCKS.

Honey is the whole show, he is always there with the big "I" as to what he is doing and what he intends to do, when the fact of the matter is Honey could not have accomplished anything if it had not been for the assistance he was given by the people of San Francisco who made it possible through District Attorney Langdon for the work of prosecuting the grafters to be carried on. As we have stated, Honey is a fearless and aggressive prosecutor; he is an able man, but people get just a little tired of hearing him shout it continually when he is invited out. He will soon become as much of a pest in his way as was Schmitz in the office of mayor. He should cease discussing in public the graft prosecution in San Francisco. The whole State is thoroughly tired and disgusted with it all and will soon be anxious to get rid of Honey as well as the boodlers.—Contra Costa Standard.

Justice Brewer of the United States Supreme Court is an old dunc. If he were something other than that he would have kept his nose out of politics. When any man goes before the public and charges Roosevelt with playing hide-and-seek with the Presidential nomination he is a man who is unbalanced, and it is to the discredit of the Supreme Court of these United States that Brewer made that break. He ought to send himself to the asylum for the feeble-minded.—Hanford Sentinel.

Vote of the Southern States in the Next Electoral College

In the next Electoral College there will be 483 votes. There will be double this number of convention delegates from the States, or 966. There will be territorial and district delegates, running the total to over 1,000. Of these the South, counting Missouri, will have 212. A majority of the convention will be about 520. Two-thirds would be about 670. The South will have barely one-third. In the Electoral College it will have 158 votes or five sort of one-third, 161 being one third.

It is not pretended that the South can nominate a Democratic candidate by itself, or that it can or would force the nomination of a Southern man. It is simply contended that the South should be recognized as deserving at least as much consideration as other sections. The South now has more Democratic electoral votes than were cast for the Democratic nominee for President in 1896, or 1900 or 1904. It furnished Mr. Bryan all the votes he received in 1900 except thirteen in four little Western states, and it gave to the Democratic ticket in 1904 all the vote it received. It has not furnished a candidate in over half a century yet it is the only solidly Democratic section of the country. So long as it votes for any candidate any other section offers nothing is said of sectionalism, but when it suggests a Southern man the charge of sectionalism is at once raised, not by the North, East or West, but by—Southerners!—Nashville American.

The Lunch Counter

Is the Cause of Dyspepsia and Indigestion, Catarrh of the Stomach and Heart Disease.

Nine-tenths of Those Who Eat There Bolt Down Their Food.

The next time you eat at a lunch-counter just you watch the people opposite. Look down the whole line and notice how they bolt down their food washing it down with hot coffee or cold water. First they take a large bite, then a drink, a bite and a drink, hurrying through their meal in five or ten minutes. Many of them don't know the correct way to eat, while others are so intent on money-making that they will not take the time to eat properly.

The lunch counters create a great demand for Stuart's Dyspepsia Tablets, for every one now knows that they assist the stomach in digesting the food that has been suddenly forced down into it. Health should be the first thing sought for in the battle for existence.

With a sound body all things are possible to man, while ill-health handicaps him.

The dyspeptic is usually grouchy and cannot meet his fellow-men in the proper spirit to win his confidence and esteem. Many a fine proposition has failed because a dyspeptic was back of it.

Your brain does not work right where dyspeptic conditions prevail, neither does any organ of the body.

Your digestive apparatus in perfect condition first and all will go well with you.

Take Stuart's Dyspepsia Tablets until you cure yourself of indigestion, catarrh of the stomach, and dyspepsia, and your heart, liver, brain and all the organs of the body will perform their functions properly and you will be in sound health. Don't give up in despair, but get right and all things will come your way and fortune will again smile upon you. You can purchase Stuart's Dyspepsia Tablets anywhere on earth. They have become a family necessity everywhere. They are 50 cents per package. Send your name and address today and we will at once send you by mail a sample package free. Address: P. A. Stuart Co., 180 Stuart Bldg., Marshall, Mich.

Question of Decorum in Exercising the

Right of Criticism

If the President is bound to refrain from criticism of the United States Supreme Court, it would seem that the members of the court are under certain obligations of courtesy to refrain from criticism of the President. Neither could assail the other with dignity and a personal exchange of controversial blows between the President and a justice would stagger the country's conceptions of the proprieties. For these reasons, Justice Brewer's sarcastic references to President Roosevelt in his New York speech Wednesday evening seem to have passed beyond the bounds of that stern decorum which should be maintained by the members of the United States Supreme Court. The President, of course, has been a frequent offender in his public attacks upon judges and private citizens who court, not possibly fight the chief magistrate on equal terms, owing to the difference in their positions. But a man of Justice Brewer's poise and high judicial station is expected to reach a serenity of utterance that one of Mr. Roosevelt's temperament can scarcely ever attain. There may be those who see nothing to condemn in the justice's remarks but in pointedly charging the President with deliberately playing a political game of hide and seek with the American people the eminent jurist said something that the President may justly complain of, if he is not to be privileged to publicly controvert Justice Brewer's assertion.—Springfield Republican.

Issues Involved in

the Eastern Sunday Closing Movement

The Chicago Law and Order League has enlisted the aid of similar organizations in nineteen of the principal cities of the United States in the effort to close the Sunday saloon. By a simultaneous onslaught it is hoped to convince the liquor interests that concessions are imperative. Noble men are behind these movements. Whatever the common view of

their motives, those familiar with the temperance cause know that the leaders, as well as the rank and file, usually are actuated by the highest motives. But in a crusade against Sunday saloons, as such, they attack a side issue and will find small general sympathy.

They forget that their notion of Sunday is not the common notion. The closed Sabbath is not preached by a major portion of Christianity. Millions are convinced that what is wrong on Sunday is wrong on any other day and that what is permissible through the week is not helms on the Sabbath. The real issue is not whether the saloon shall remain open Sunday, but whether on Sunday, as on every other day, it shall be regulated in accordance with moral and economic law.

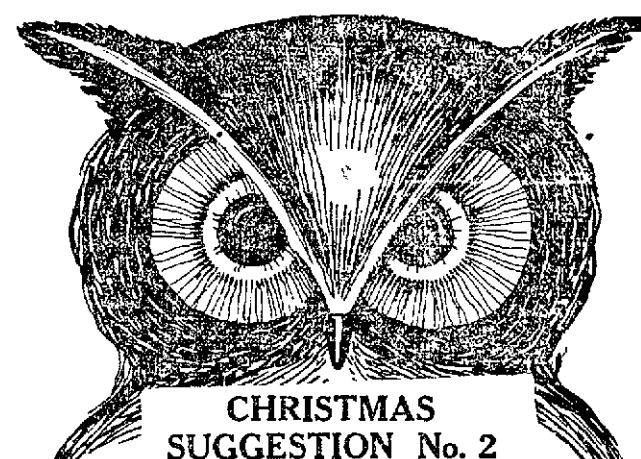

It will be regulated. The liquor people begin to see at last that their only salvation lies in abandoning defiance of law for co-operation of law enforcement. The Cincinnati Brewers' association is not only refusing to sell to disorderly and the disreputable, but is willing to give the police—Butte Inlet-Mountain.

Irrelevant Questions

Propounded to the

Followers of Bryan

Will some devoted adherent and long-time follower of Colonel Bryan kindly answer these questions. If the lack of money or currency was not the principal argument for the free usage of silver at 15 to 1 in 1896 what was? If a similar lack of money does not embarrass the country today what does? If 15 to 1 or 10 to 1 was good Democratic doctrine in 1896 and is not now, why is it not? If it was wise to nominate Bryan on a 16 to 1 platform in 1896, and would not be wise to nominate him on that platform next year, why would it not be? In the present emergency why are not Mr. Bryan and his friends proposing free silver as a remedy? The freest silver gold bug would probably answer that Colonel Bryan in eleven years has learned some sense.—Christian Science Monitor.

QUIET WEDDING.

The marriage of Miss Suzanne Marty and Romeo Gori took place yesterday morning at the Key Route Inn. The officiating clergyman was the Rev. H. B. Mowbray. There were no attendants and a simple service was read. After a wedding breakfast the couple left on a honeymoon trip. They will return to live in Berkeley.

PRETTY WEDDING.

The marriage of Miss Adelaide Bangs and Samuel Eastman took place last evening at the home of the bride's parents in Berkeley. Over 100 guests attended the ceremony and reception. The Rev. McDougall, an uncle of the groom, was the officiating clergyman.

The bride wore a gown of white messaline with a bertha of rose point lace and transparent yoke. A long tulle veil completed the bridal costume and she

Reliable Remedy for Epilepsy

Both sexes and all ages who have any symptoms of Epileptic Fits or any nervous twitching or trembling, should use Elixir Kosine at once, the only guaranteed specific for Epilepsy.

W. M. Feilermann, the well known druggist of Kansas City, Mo., writes: "Our experience with Elixir Kosine has been truly remarkable and beyond our most sanguine expectation. The many cases that have come under our personal observation that have been vastly improved and benefited, place us in a position to recognize a remedy of true merit."

"From a passive interest in this remarkable preparation, we have become very enthusiastic. We do not hesitate to give our personal guarantee to any one who is afflicted with this terrible disease, Epilepsy."

Elixir Kosine is free from alcohol, cocaine, morphine or opiate. It is so uniformly successful that it is sold with a guarantee. The price \$1.00 will be refunded by The Owl Drug Co. if not fully satisfied after using a bottle. This trial is given at our expense. Mail orders filled. The Kosine Company, Washington, D. carried a shower bouquet of lilies of the valley.

Miss Louise Eastman, sister of the bride, acted as maid of honor. She wore a gown of pink brocade and carried bridesmaid roses.

The five bridesmaids, Miss Ruth Green, Miss Leslie Gompertz, Miss Jane Bangs, Miss Towana Elston and Miss Ian Hughes, wore gowns of pink messaline and carried bridesmaid roses.

The attractive home was decorated with autumn foliage and woodwardia ferns and a bower of greens and pink carnations formed the pretty ceremony in the drawing room.

After a honeymoon trip Mr. and Mrs. Eastman will make their home in Berkeley. The bride is a member of the Kappa Alpha Theta sorority and was popular in college circles. Eastman is a graduate of the University of California and a member of the Beta Theta Pi fraternity.

AFFAIRS POSTPONED.

The various functions planned in honor of Miss Gertrude Partington, who is now on a visit to her home in San Francisco, have been indefinitely postponed, owing to the sudden death of her sister, Mrs. Herman Oskar Albrecht.

HOME WEDDING.

The marriage of Miss Ruth Land and Thomas Degen took place last evening at the home of the bride's parents, Mr. and Mrs. Howard B. Land, in Linden street. The service was read by the Rev. Griffith Griffiths in the presence of a small company of relatives.

The bride wore a charming gown of cream messaline and carried a shower bouquet of bride's roses.

The only attendant was the maid of honor, Miss Hazel Land, a sister of the bride. She wore a gown of pale blue silk and carried a shower bouquet of maid-of-honor ferns.

Walter Degen acted as best man.

After a wedding supper and informal reception Mr. and Mrs. Degen left for a honeymoon trip in the South. They will return to make their home in San Francisco. The bride is the attractive niece of Mr. and Mrs. Edward M. Walsh.

EVENING OF SONG.

Invitations are out for an evening of song to be given by the pupils of Edward Xavier Rolker, Friday, December 13, in the auditorium of the Ethel Club. Among those who will be presented to the public on this occasion is Joseph Rosborough, who will be greeted by a large audience of society and musical people.

LUNCHEON GUESTS.

THE TWO INVINCIBLES

COD LIVER OIL AND IRON.

Cod Liver oil and Iron in some form or other are prescribed by physicians the world over, more than any other two remedies the world has ever known, for anaemia or poor blood, weakness, convalescence, and all wasting and pulmonary diseases.

Iron, because it is the basis of the blood and without a sufficient amount the blood is impoverished, watery, pale and impure.

Cod Liver Oil, because it contains curative and reconstructive qualities greater than that possessed by any other one medicinal agent.

In Vinol, modern science has given to the world a combination of these two world-famed tonics—Cod Liver Oil and Iron, but short of all useless oil or disagreeable features.

Vinol is made by a scientific, extractive and concentrating process from fresh cod livers, combining with potentiate of iron all the medicinal, healing body building elements of cod liver oil, but no oil.

As a body-builder and strength-creator for old people, delicate children, weak run-down persons, delicate children, and for Chronic Coughs, Colds, Bronchitis, and all throat and lung troubles, Vinol is unexcelled.

We ask Oakland people to give Vinol a trial. It won't cost anything unless it gives satisfaction. The Owl Drug Co., Oakland, Cal.

For Saturday and Monday SOME SMART FURS AT SMALL PRICES

The Result of Large Buying at the Time Every Dollar Looked as Big as a Cartwheel to the Manufacturers

FURS should be chosen like a friend—carefully, wisely. They admit of as much deception as do jewels. Inferior skins and qualities can be so manipulated as to imitate rare and costly kinds. This in itself is not reprehensible. But it becomes so when certain dealers, found in all branches of trade, attempt to mislead and deceive customers. The only safe way to buy Furs is to buy from a house whose judgment is known to be correct and whose reputation is such that fair dealing becomes a necessity. We boast of nothing, yet cannot refrain from pointing with pride to our long record of having satisfied Oakland's most critical women of taste and fashion with our Furs and prices. The magnificent and continuous growth of our business from year to year is a stronger testimonial than any self-eulogy in which we might indulge.

YANCEY-BONNEMART.

The marriage of Miss Pauline Yancey and Edgar Bonnemart was an event of last Wednesday evening, taking place at the home of the bride in East Oakland. The ceremony was performed by the Rev. Edgar F. Gee, rector of St. John's Episcopal Church.

The parlor was decorated effectively in yellow and green with a charming arrangement of ferns and chrysanthemums. The service was marked by simplicity with only relatives and a few close friends present.

The bride was given into the groom's keeping by Captain John Le Blanc. Sidney Richardson acted as best man.

The maid of honor was Miss Johanna Yancey sister of the bride.

The bride is an attractive and talented girl with a host of friends here. She is a musician of ability.

Bonnemart is a member of one of Oakland's pioneer families. He is a member of the Nile Club and holds a prominent position in municipal affairs. His father was an important figure in the mining history of early California and the family is well known throughout the State.

After a honeymoon trip Mr. and Mrs. Bonnemart will return to reside in East Oakland.

DEBUTANTE TEA.

Miss Dorothy Quincey van Sicken, who has returned after a long absence in the East and Europe, was the complimented guest yesterday at a tea given by Miss Dolly McGavin in San Francisco for a score of debutantes.

Among those present were Miss Hope Bliss, Miss Helen Baker, Miss Newell, Miss Elizabeth Newell, Miss Alexandra Hamilton, Miss Dolly Cushing, Miss Lucile Wilkins, Miss Augusta Poute, Miss Helen Wilson, Miss Martha Calhoun,

Miss Helene Irwin, Miss Julia Langhorne, Miss Louise Boyd and Miss Mary Keeney.

Miss van Sicken will be guest of honor at a dinner planned by Mrs. Henry W. Dodge for Thursday of next week and Miss Hope Bliss will also entertain at a luncheon to be given next Wednesday for Miss van Sicken.

A Real Wonderland.

South Dakota, with its rich silver mines, banana farms, wide ranges and strange natural formations, is a veritable wonderland. At Mount City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells" occurred every five minutes. Writes Mrs. Clapp, "When I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him," guaranteed for coughs and colds, throat and lung troubles, by Osgood Bros., 7th and Broadway and 12th and Washington, Oakland, druggists, 50c and \$1.00. Trial bottle free.

BROTHERHOOD HOLDS INTERESTING SESSION

Oakland Lodge No. 123 of the Fraternal Brotherhood can now boast of over five hundred members. At the last meeting held last Friday evening, in Pythian Castle, Twelfth and Alice streets, over one hundred and twenty-five members were present. There was considerable business transacted and twenty-one applications for membership were acted upon. A class of twenty candidates stood before the altar to take the obligation.

The lodge had the pleasure of the company of Brother Batchelor, supreme chaplain, and Brother Chappel, supreme counselor. Each brother spoke highly of the work done by the order.

The lodge had also a few words from Brother Van Sicken, reminding the members that only one week remained in which to get members in during the membership contest. The contest is between all lodges on the East side of the bay.

AMRAM ENCAMPMENT WILL GREET OFFICERS

The next meeting of Amram Encampment No. 35, I. O. O. F., will be held in Orion Hall, Seventh avenue and Twelfth street on Thursday, December 12. The Grand Patriarch, escorted by the Patriarch and Arch-Militant, will pay the encampment an official visit on that evening, and every member, as well as patriarchs of other encampments, who can possibly make it convenient, are requested to attend, and assist in giving him a welcome befitting his high rank in the order. The Royal Purple degree will be conferred and officers for the ensuing term elected. The good of the order will be enjoyed in the banquet room.

For any pain, from top to toe, from any cause, apply Dr. Thomas' Electric Oil. Pain can't stay where it is used.

PITTSBURG BANK FORCED TO CLOSE

President Declares Depositors
and Stockholders Are
Fully Protected.

PITTSBURG, Dec. 5.—The Pitt National Bank of this city failed to open for business this morning, a notice on the door announcing that "the bank was closed by order of the controller of the currency." It was signed by John B. Cunningham, national bank examiner of this district.

President Andrew Herron of the bank, said today:

"The depositors are fully protected. The suspension was precipitated by occurrences yesterday, which made it necessary to close the bank for the protection of all concerned."

The suspension had no apparent effect upon other institutions of the city. During the morning hours there were not more than twenty depositors about the bank.

BELEIVE CRISIS OVER.

KANSAS CITY, Dec. 5.—There was no evidence of a run on any of the local banks in the early hours today. Bank officers generally gave it as their opinion that the crisis resulting from the failure yesterday of the National Bank of Commerce was over and that normal conditions will soon exist again. Many depositors of the Commerce Bank were reassured by the declarations of officials of that institution that it would not only pay depositors in full, but that stockholders would lose nothing.

James T. Bradley, receiver, wound up the affairs of the First National Bank of Topeka, Kansas, which failed as a result of the collapse of the enterprises of the late C. J. Brown in 1906.

The failure of the National Bank of Commerce had no apparent effect upon the Commerce Trust Company, whose president, Dr. W. S. Woods, was also president of the bank.

John Swanger, secretary of the State of Missouri, and Examiner Cooke arrived today and took charge of the Stock Yards, Bank of Commerce and the Union Avenue Bank of Commerce, the two small concerns that closed yesterday. An effort will be made to reopen these banks.

LEAGUE OF REPUBLIC TO HOLD LAST MEETING

BREKLEY, Dec. 5.—The last meeting of the League of the Republic for this semester will be held Monday evening at 7:15 in California Hall, Rev. Charles H. Lathrop, of the Church of the Advent, of San Francisco, will be the principal speaker.

He has been one of the most active workers in the cause of good government. He was a member of the class of '95 of the University and a graduate of Harvard. During the recent campaign in San Francisco for good government, Rev. Lathrop was a member of the executive committee of the Good Government League.

The meetings of the League of the Republic are open only to members.

CHASED GHOST WITH REVOLVER

But the "Thing" Turned and
Investigating Post Made
Hurried Retreat.

SAN JOSE, Dec. 5.—W. F. Herron, famed at Stanford as the author of "Bathsheba" fired two shots last night at what he asserted was a ghost. Herron was investigating the cause of the many reports of a ghost which haunted the road near Mrs. Callahan's roadhouse on the Amador road, and accompanied by a friend, went to the scene in an automobile.

At the spot where the ghost was said to appear he left the automobile alone. An object inside the fence attracted his attention. When he went closer to investigate what he at first thought was an elephant he was horrified to discover that it was, he said, "yellowish white" in color and that it "moved without noise." "Despite a warning in my heart not to press matters," said Herron, "I chased the thing. It went on before in a horribly noiseless manner and disappeared in a gully."

CHASED BY GHOST.

He then desisted from pursuit and started toward the road. Then the "ghost" reappeared and chased him, growing larger and larger, but always pausing when he did.

Terrified at the new turn of affairs, he fled to the fence, then he fired at the "thing" which sank into the ground. Yet when he started on again the terror still gilded at the same distance behind him. Then he concluded that he had taken issue with a ghost and when he arrived at the automobile his hat was gone and his friend said that his face was pale and his eyes dilated.

YOU CANNOT FORGET THIS NEW AFFINITY

NEW YORK.—They call it the "Affinity" in the few places along Broadway where it is on top. It's made up as follows:

Two jiggers of Scotch whisky, a dash of maraschino, one jigger of Italian vermouth, two dashes of absinthe, rub a lump of sugar or an orange to absorb some of the oil in the skin and then drop the lump in the mixture with plenty of cracked ice stir, then strain and serve. You hear sweet music softly played, and little birds sing tenderly. You take another, and you feel the caressing fingers of a sweetheart smoothing your brow. With the third you're strolling through green fields with the only girl in the world, while your pockets jingle with money and the diamonds on your fingers make you blind. With the fourth you don't care whether the house burns down or not. Then you want to telephone home for somebody to come and get you.

A noted dispenser of mixed beverages, when asked why it was called the "Affinity," said:

"I don't know unless because it's an easy thing to get, but hard to get rid of the effects of."

FIRST ENTERTAINMENT.

She was a very little girl, and she had charge of a still smaller boy, her baby brother, Jim. Timidly approaching one of the booking office windows at Clapham Junction, she asked how much the fare was to Watlington. The clerk told her, and she moved away.

But presently she returned, and made the same innocent inquiry, once more to be informed with the same courtesy: "A few minutes later she was there again."

"Look here my little girl," said the clerk, "this is the third time you've asked me the same question."

"Yes, sir," said the little girl, "I know that; but Jim likes to see you peep out of your window because there's a lot of bars across it, and he says it's just like being at the Zoo!"—Answers.

In parts of northern Australia, the natives live chiefly on the rats which swarm everywhere, and on a diminutive species of dog hardly larger than a rat.

Special Sample Sale of Novelty Evening and Street Coats

Marked 1-3 Below Regular Selling Price

It rarely happens that so early in the season it is possible to secure sample garments from the best makers. In this instance our New York buyers were fortunate enough to secure a magnificent lot of sample garments from America's best known coat makers. The highest grade of broadcloth only is used in these coats in colors of light blue, cream, gray, brown, white and some novelty plaids; the trimming is very effective and elaborate, the garments are lined with fancy silk or satin.

A few of the values and special prices are:

\$135.00 coats—special price	\$91.50
\$75.00 coats—special price	\$50.00
\$65.00 coats—special price	\$43.25
\$60.00 coats—special price	\$40.00
\$45.00 coats—special price	\$30.00
\$40.00 coats—special price	\$26.75
\$30.00 coats—special price	\$20.00

No matter what the season, style always accompanies a good

SILK PETTICOAT

Silk is a treacherous article—so much so that merchants rarely guarantee it. However, so much care is given to the weaving and dyeing of the silk used in the guaranteed "S. H. & M." Petticoats that the makers guarantee these petticoats against imperfections for three months. If a split or crack should appear—which is very unlikely—all you have to do is to bring us the faulty garment and we will cheerfully give you a new one for it. After this, only necessary to say that these guaranteed petticoats are always up to date in new shades and new styles. Prices are:

\$5.95, \$6.50, \$7.50 and to \$20.00

For these brisk, Sometimes foggy days and nights Children's Warm Overcoats

If you have the care of a child you certainly feel reasonably proud of your charge. "Anything" won't do for it—of course you want to see it dressed with as much style as becomes a child. One very stylish line of children's coats is made of bearskin—not real bearskin, but very much like it. Just as warm and it doesn't cost a tenth of the money.

These bearskin coats, of which one is shown in the picture, come in red, green, brown, gray and black; in sizes from 2 to 5 years and priced:

\$2.25, \$3.75, \$4.50 and to \$10.50

Another very effective line of coats for children up to 14 years is the English "Piccadilly" mode. Tailored throughout, shaped with due regard to freedom of limb and general attractiveness, these coats become more popular each season, simply because they are right in every respect and people admire them. Prices are:

\$3.50, \$6.50, \$7.50, \$8.50 and to \$18.95

Children Are Out of School Saturday---Bring Them to See Our Life-like Dolls and Beautiful Doll Clothes

Nothing That a Child Likes Better Than a Doll,
Nothing Suggests Sweeter Thoughts.

This year we have a big colony of dolls—a sort of greater Doll-land proportionate in number with Greater Oakland. Artists have studied to make these dolls as natural as possible. Their pretty eyes, their natural, well-groomed hair, their healthy bloom of cheek and the natural shapeliness of their entire physique, all show a big improvement over last year's dolls. No matter what kind of a doll want you may have to satisfy, a visit to our doll show will end your responsibility.

Kestner's beautiful kid dolls, large and small, bisque dolls, fancy dolls, rag dolls—the entire doll family.

Dollies' Wardrobe, Lingerie and Trousseau

Little doll mothers and lovers of dolls will find a great treat in looking at our magnificent collection of dolls clothes. You can do everything in the way of dress with your dollies in this section. There are plain gingham aprons and every-day colored dresses, beautiful French lawn and silk dresses, bridal gowns and outer garments for dolls. There are very pretty two and three piece sets, including dress and dainty lingerie, finished with neat embroidery, tucking and lace, and there is a complete trousseau for dollies; in addition there are crocheted garments, shoes, booties, stockings, caps, hats, parasols, kimono, sweaters and mitts.

Nor have the Teddy Bears and the Teddy Dogs or the other favorite animals been forgotten—there are overalls, football and Rough Rider suits, coats, headwear, sweaters and many similar things so pretty and neat that you cannot help enjoy looking at them.

Where there is so much and in such great variety it is impossible to tell you all the prices, but we will say once for all that every price is right.

Special Sale of Dressy Ready-to-Wear Hats \$2.50

These hats are not the ordinary ready-to-wear kind—by many they would be classified as dress hats; having many of the best points of both.

There are about one hundred hats in this lot that are marked

\$3.75 to \$4.95

All this season's colors and shapes are included and the display is particularly strong in novelties created and copied by our milliners.

Regular \$6.00 to \$7.25

Walking Hats \$3.95

This is a magnificent lot of this season's silk braid hats trimmed with wings and fancy effects. There is variety in every style, a satisfactory choice for a useful, practical hat at little more than half price.

When down town Saturday, spend a few minutes in the Millinery Department—it will pay you.

A few facts about our big display of CHRISTMAS RIBBONS

There must be a large number of ambitious and busy artists and weavers engaged in the creation of ribbons, else we should never be able to secure the pleasing variety that we are displaying on the eve of the holiday business.

Having seen these beautiful ribbons, it seems ridiculous to attempt in a short paragraph any description of them.

The grouping of colorings in the new Persians, plaids, Dresden, scroll and floral designs has resulted in an exhibit of artistic work which if displayed alone, would be considered of sufficient merit to justify a special journey to see it. The variety includes every kind of narrow and wide ribbon, natural appearing holly ribbons, pretty ribbons for neck, hair, sash, millinery, package tying, beading and every use to which ribbons are put.

And in every instance the pricing will be exactly right.

Bows Tied Free

All styles of Millinery, hair and general bows are tied freed of charge by an expert bow maker in this department.

Especially Rich and Varied is the Display of Mounted Back Combs

The picture surrounding this gives a comprehensive idea of the many different kinds of the beautiful mounted Back Combs that have come for the Holiday trade. Specially prominent are the Scintillating Rhinestone Combs, some containing over one hundred individual stones adroitly cut and set so as to give the effect of clusters of real diamonds.

Other novelties in Back Combs are mounted with Amethyst, Jade, Turquoise, Emeralds, Pearls, Rubies, and other popular stones.

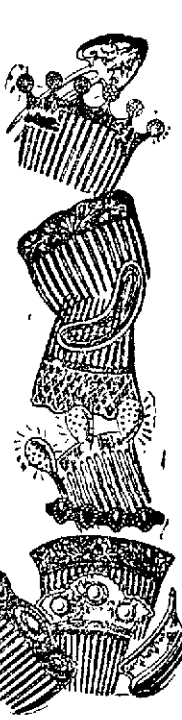

There are all grades of mounted Back Combs from

\$1.00, \$1.50, \$2.00, \$2.50 and to \$12.00

Hat Pin Novelties

There are probably five hundred different kind of Hat Pins; they embrace every color, shape, design and grade that could possibly be wished. Our known reputation for leadership in Notions and Jewelry is certainly upheld so far as Hat Pins are concerned; prices

PRISONER CUTS THROAT; SETS FIRE TO PRISON

RESCUED FROM FLAMES; HE BREAKS FOR LIBERTY

Unknown, Supposed to Be Insane, Creates Great Excitement in Alameda Bastile.

ALAMEDA Dec 6.—After having made an unsuccessful attempt to cut his throat with a pocket knife an unknown prisoner set fire to the branch jail on Webster street at an early hour this morning and after being rescued from the flames in his cell escaped from Policeman Joseph Lawrence and ran across Webster street in the direction of Oakland.

The unknown was arrested about 2 o'clock this morning by Policeman Lawrence on a charge of being intoxicated. Lawrence put his prisoner in the branch jail at the rear of the Webster street firehouse. A few moments after Lawrence left the jail Al Reichsraich, who is in charge of the firehouse at the rear of which the jail is located heard a great commotion. He went to the jail and saw the unknown prisoner slashing at his throat with a small pocket knife. His clothes were covered with blood but the blade of the knife was so short that he had been unable to sever the jugular vein.

Reichsraich summoned Policeman Law-

rence and the knife was taken away from the prisoner. Ten minutes later after Lawrence had again gone on his beat Reichsraich who kept watching the jail saw flames creeping from the cell window. He rushed back and extinguished the fire and it was then decided to take the prisoner to the city prison.

No sooner had Policeman Lawrence opened the door of the cell than the man made a dash past him and escaped. Lawrence tried to stop him but he ran along Webster street and disappeared in the darkness.

Whether the man was a desperate criminal or insane is a question the police are trying to settle. They favor the latter theory.

The man was well dressed in a suit of dark material, was about five feet ten inches in height and weighed about 150 pounds. The arresting policeman had never seen him before.

The police believe that he will secure medical treatment in Oakland and have asked the officials in that city to look out for him.

UNION NATIONAL WILL SOON OPEN

Depositors Notified of Future Plans of Bank by Directors' Committee

To the depositors of the Union National Bank of Oakland:

The board of directors of your bank has delayed in making a statement to the depositors of its plans for the future owing to the fact that being a national bank it has been necessary to consult the Comptroller of Currency and secure his approval of our suggestions. Such approval is never given until a report has been received of the condition of the bank in question from a national bank examiner.

This examination has shown that the bank is perfectly solvent and we have just received from the Comptroller his approval of our plans for opening in the near future. This means that all agreements providing that deposit which had been received by the bank previous to its action in taking advantage of the holidays shall not be withdrawn except at stated periods. This will be in the interest of the depositors as well as the bank. We are sure this will meet with your approval as it will result in an early resumption of business.

You may expect to hear from us along these lines in the near future.

Respectfully yours,

JAMES L. DEFEEMERY

CHASED ROUND GLOBE; CAUGHT

LOS ANGELES Dec 6.—After a chase of nearly five years and practically around the globe Frank Walters, former treasurer of Cocopah Lodge No. 31 in defendant Order of Red Men of this city, an alleged absconder, was captured on Sping street yesterday afternoon. Walters is charged with making away with a large amount of money belonging to the lodge of which he had been an officer but a few months when he disappeared early in 1903.

STRIKES OIL AFTER SPENDING \$1,500,000

LOS ANGELES Dec 6.—The Associated Oil Company, proved yesterday that the \$1,500,000 expended in the development of what is known as the south field of the Coalinga oil district was not such a vain waste. The company's well No. 10, started flowing 150 barrels a day notwithstanding the casing had not been landed. This means that all the money put in will return large profits and that much more will be invested.

A Message From Mars

REWARD OFFERED

REWARD OFF

(Special by Marconiless to The Tribune.)

BOILER PLATE, Mars, Dec 6.—Chief of Police Doemup has just authorized the publication of the following hotairgrams received by him from Earth, and his replies thereto:

"San Francisco Dec 5, 10 30 a m
'Chief of Police, Boiler Plate Arrest on sight one 'good dog', answers to name Jim Gallagher. Once mayor of San Francisco I was transforming him to a ZEBRA when Heney and Spreck gave him an immunity bath and washed the stripes all off. Can be identified by his awful gall. It's very large. Hold if captured, and notify me. Reward OFFERED (Signed)

Chief of Police Doemup is greatly angered at this cavalier treatment. He announces that if he ever comes across Doubleyou J B-RNS' face he'll mistake it for a good thing and push it in. Meanwhile he has discovered that the "good dog" his subordinate spotted is not Jim Gallagher but a member of the dog watch in a steam beer joint. Chief Doemup announces that, though he does not care for Spreck's money any more than does the Mr. Heney mentioned in the hotairgrams, discipline must be maintained. He has, therefore, suspended from duty the subordinate who did the spotting and has put the erstwhile supposed Gallagher to hard labor for three months in the city laundry operated by Eliza Biggy.

EMPTIES REVOLVER AT ALLEGED HIGHWAYMEN

Men Captured After Long Chase and Are Identified by Woman as Her Assailants.

Following a lively chase through the streets last night and after five shots had been fired at them by Policemen Christopher, Antonio Olevis and Frank Bergalchi, were finally run to cover in a saloon at the corner of 14th and Main streets. As the chase was in progress a man in the rear of the premises at 930 Peralta street and taken to the city prison where they are held on suspicion of having held up and attempted to rob an unidentified man and Miss J. Smeaden of 225 Peralta street last night. Smeaden has identified the men as her assailants.

SAW ATTACK

According to the report of Mrs. Smeaden and Policemen Christopher, the men held the woman on Peralta street near Peralta last night and were about to attack her when she pretended to take a police whistle from her pocket threatening to blow it if the men came any closer to her. The woman then started to scream and Christopher, who had witnessed the attack, took her to the city prison.

any closer to her. The woman then started to scream and Christopher, who had witnessed the attack, took her to the city prison.

FOUND IN STABLE

Policemen who soon came to Christopher's assistance, having been attracted by the shots fired after a search the men were found hiding in the stable. They made no offer of resistance when taken into custody. M. H. T. Valley and M. de Langon of 925 Peralta street saw the men running from the scene of the attempted hold up.

The records of the men will be thoroughly investigated and being presumed to be criminals have been mixed up in other criminal acts.

CLUBWOMEN TO DO CHRISTMAS SHOPPING BEFORE LUNCHEON

That Christmas shopping should be done in the morning instead of the afternoon as is the practice is the belief of the members of the Oakland Club and they have adopted a set of resolutions which they desire the women of Oakland to read and abide by. The resolutions are as follows:

Whereas The crowds of shoppers in Oakland are so great in the afternoon.

Whereas The advantages resulting from early Christmas shopping are so important to both clerks and to the buyers and these advantages are so easily recognized.

Resolved That the Oakland Club earnestly recommends to its members the propriety of shopping in the early days of December and early in the morning of the day.

WEDDING ENDED HUSBAND'S WORK

Woman Gets Divorce on Grounds of Systematic Cruelty From Spouse.

Sophia Fox today filed a suit for divorce against Claude Fox, alleging cruelty. The couple were married in this city July 22, 1907, and the wife alleges that two days after marriage life Fox commenced a systematic course of cruelty, which he has kept up ever since. Fox was a street car conductor at the time of the marriage, but ceased work according to the complaint, directly afterward and has done no work since. She claims that during the entire time of their wedded life Fox contributed but \$1 for her support.

Mrs. Fox asks to be allowed to resume her maiden name of Sophia Moraga. She is a descendant of the well-known Moraga family after whom Moraga valley was named. She alleges in her complaint that he shook his fist at

her and called her bad names. George Samuels and Myrvin J. Samuels are Mrs. Fox's attorneys.

SENDS WOMAN INVALID TO STOCKTON ASYLUM

Mrs. Edith H. Bryant of 1125 Filbert street was examined for insanity before Judge Melvin this morning. Mrs. Hamlin and Fine being the examining physicians. The woman is an invalid and had to be taken to the insane ward of the Receiving Hospital last night in a private ambulance. All of last night F. M. Bryant, the unfortunate woman's husband, sat with her, fearing that if left alone she might attempt to do herself harm. She believes that her relatives have been murdered and rather than give herself over to the same fate desires to end her own life. Mrs. Bryant was committed to the Stockton asylum.

PAYS TOWN OF PIEDMONT HER PORTION OF TAXES

County Auditor George Pierce today paid \$1245 to the town of Piedmont as the portion of the taxes collected by County Tax Collector Barker due to Piedmont as a corporation. The town board fixed the rate for the town taxes and this is the first collection made. Since the town asked that the share due them be collected by Barker, 1 per cent commission is charged by the county.

THINKS FATHER WAS KIDNAPED

C. W. Burnett Believes Aged Parent is Being Held for Reward.

G. V. Burnett, son of aged M. D. Burnett, a Solano county rancher who disappeared in this city on November 26 while on his way from the offices of Dr. H. B. Bright, 527 Twenty-third street to the Newland House, Seventh and Washington streets, has expressed the opinion that his father has been kidnapped by some designing persons who are holding Burnett in hopes of obtaining a reward upon his being released. The missing man is 78 years of age and feeble. A reward has been offered for his recovery, dead or alive.

QUELL A KOREAN OUTBREAK

Japanese Are Attacked but Repulse Assaults.

TOKIO, Dec. 4.—A dispatch from Seoul received today says that immediately following the departure of Prince Ito, the Japanese resident-general in Korea, a few malcontents attempted an uprising and towards midnight on December 5 a crowd of Koreans attacked the branch police station. During the attack one Japanese was killed, one woman was injured and several Koreans were severely wounded. The outbreak was quickly quelled.

REMOVES MATE FROM COUNTY JAIL TO SHIP

Deputy United States Marshall Jas. L. Nolan this morning took Carl Burg, second mate of the German tramp steamer Tolosan, which plies between San Francisco and China, from a cell in the county jail and removed him to the vessel. Burg, deserted and went to work as a street car man in San Francisco during the

strike. The car of which he was motorman ran down a man and Burg was arrested for manslaughter. The charge was later dismissed. He was located by the officers of the Tolosan and upon a signed contract being produced was ordered taken back. Burg's contract has not yet expired.

Burg said today that he never deserted the ship. He was taken sick on the steamer's last trip from China and was put in a hospital at the first port that was reached. The steamer went on without him and upon his recovery Burg came to San Francisco where he went to work for the United Railroads.

AUTO FRIGHTENS HORSE; JAP THROWN

Kanna Monna, a Japanese merchant, who lives at 417 Seventh street, was badly injured last night by being thrown out of his vegetable wagon. He was returning to his home and in the vicinity of Fourth and Franklin streets his horse became frightened at a passing automobile and Monna, unable to check the animal, was thrown from the wagon. He was treated at the Receiving Hospital for two ugly cuts on the face and a contusion on the left side of his body.

DISCUSS CONSOLIDATION IN TOASTS AT BANQUET

SCHEME OPPOSED BY JOHN P. IRISH

Several Hundred Assembled at Fairmount to Talk Over Greater City.

SAN FRANCISCO, Dec. 6.—A love feast of the boomers of so-called Greater San Francisco was held in the banquet hall of the Fairmont last night. There were several hundred present, representing all the cities of the bay, and the discussion of consolidation was the order of the day. The metropolis ball absorb constituted but a small sprinkling in the 6th tiering.

At the close of the banquet President Frank J. Smythe of the Merchants Association presided over the toastmaster. Most of the speeches were naturally devoted to the advocacy of the consolidation scheme. The president of the Oakland City Council, who is only a member of the city council, and not a member of the board of directors, was one of the speakers. He had been authorized to act as speaker for the council, and as chairman of the Greater San Francisco executive committee, of which he is a member. He said that the consolidation scheme was a great one, and that it was the duty of the city council to support it. He said that the consolidation scheme was a great one, and that it was the duty of the city council to support it.

4000 YEAR OLD MUMMY IN NEW YORK MUSEUM

Specimen Supposed to Be the Oldest That Has Yet Been Found.

NEW YORK, Dec. 6.—What is perhaps the oldest Egyptian mummy in the world has come into the possession of the Metropolitan Museum of Art and will soon be placed on exhibition. It was found by the expedition sent to Egypt last year by the Museum. It is that of a woman and is said to belong to the Twelfth dynasty, which flourished about 4000 years ago. The mummy is said to be in excellent condition. In the coffin with the mummy was found a ceremonial whip of the Senbites said to be the only complete one ever discovered. A portion of the objects found by the expedition are now on exhibition and the rest will be placed in the galleries soon.

OLIVE SCULLY'S TRIAL IS RAPIDLY NEARING CLOSE

Attorneys for Accused Woman Put Up a Strong Defense—Experts Say She's Insane.

Olive Scully's trial for the murder of former Deputy County Clerk James F. Glover is drawing to a close. The prosecution expects to rest next Monday afternoon and arguments will be begun Tuesday. Judge Ellsworth adjourned court yesterday afternoon until Monday. Dr. S. H. Buteau made a good witness for the defense. He testified that he was positive that the woman was insane when the trial was thrown. Dr. O. D. Hamlin was recalled in rebuttal. He did not refute Dr. Buteau's testimony. Other witnesses called in rebuttal were W. J. McCaffery and Robert Harrison.

Harrison, an actor of Ye Liberty Theater, was called in rebuttal at the afternoon session. He was frequently at the house on Eleventh and Harrison streets, he testified. He was asked if he thought Miss Scully was insane at the time the acid was thrown. The defense argued that Harrison was not present when the trial was thrown and for that reason he could not say. The objection was sustained.

OPINION OF LAY WITNESS.
"When you saw the defendant that night was she sane or insane?" Objection was again made by the defense. It was held that he was not an expert and could not give his opinion. Objection was overruled.

"Sane, I should think."
"What are your reasons?"
"Any time I talked with her she was rational. She performed all the duties about the house."

"Did you see the defendant in company with several policemen in the house on Harrison street after the acid-throwing?" Objection was made and to introduce this testimony W. J. McCaffery was recalled. He stated that he had seen the defendant every day since July 27, 1907.

"From July 27 to August 12, the time the acid was thrown, was the defendant sane or insane?"

"According to my belief she was sane."

"Why?"

"I never saw her do anything that was different from what an ordinary person would do and what I always did myself."

"Were you at the house when Attorney Creely went there with the defendant and a policeman?"

"I was."

"In what tone of voice?"

"A low whisper."

"Did she say 'You did not see me throw that, did you?' Objection made and sustained."

"What did she say?"

"You did not see me throw that, did you?"

"What did you say?"

"Nothing."

"Did she say anything else?"

"She said 'Will you have to say so?'"

"What happened next?"

"She left the room."

"The defense took the witness."

"How many days were you in the house after the defendant came there?"

"I'll have to consult a calendar."

Witness did so, after which he replied that he was there seventeen days. Attorney Allen asked how he knew by consulting the calendar? Witness replied that it was the best method.

"How long were you at the house each day?"

"A different number of hours."

"What was the last day you saw her there?"

"The twelfth day of August."

Attorney Allen then questioned the witness as to his acquaintance with the defendant and tried to show that he did not know Miss Scully well enough to state whether or not she was insane.

GUILTY OF ATTACK ON LITTLE GIRL

Clever Work of Sheriff Gets Convicted Man and Victim Back From Mexico.

MARTINEZ, Dec. 6. — John Blasko, a former resident of Crockett, was declared guilty in Superior Judge Wells' court yesterday, of assault and will be sentenced in a few days.

The offense with which Blasko was charged was an attack on a child only twelve years old. The crime was committed in January, 1906, but owing to the kidnapping of the little girl by Steve Blasko, the convicted man's brother, the trial could not go on.

Finally John Blasko was released from jail on parole, and as was anticipated he in due time left these parts with his wife and by shadowing them Sheriff Veale discovered the little girl in Mexico.

By a clever ruse, Sheriff Veale got the fugitives across the national line onto Texas soil. Steve Blasko is yet to be tried on the charge of child stealing.

GRAND JURY REPORT.
The grand jury has been in session several days this week and will meet for final deliberation Saturday. Inasmuch as the results of the work of the special experts, employed at a cost to the county of nearly \$3000, will be embodied in the report of the jury, much interest is centered in that document.

C. E. Milnes, who for the past ten years had been president and managing editor of the Gazette Publishing Company, recently sold his interest in the paper to W. A. Ruge, and has gone to Richmond to take charge of the Record, an evening paper he has purchased.

NEWS LETTER IS VERY BREEZY THIS WEEK

The News Letter this week is more than interesting. There is editorial comment on the obtaining of freedom for General Counsel Tiley L. Ford, and the effect of this acquittal on the other indicted men. The News Letter predicts the ultimate release of Patrick Cuthbert from all charges.

The editor uses a trenchant pen and bitter sarcasm in dealing with the District Attorney's office on both sides of the bay. Incidentally there is a slap at the San Francisco Judiciary. The President's message is given a review that will appeal to all.

The News Letter considers the arrest of young Kleinschmidt as an outrage, and says so in plain English. Under a special head, there is an article entitled "Last We Forget." This article is a learned disquisition on banks, the banking, the banker as a trustee, the funding, mental faults in our treasury system and the story of the panics since 1779 to the present date. The News Letter finds the present stringency is caused by a rich man's panic. The article makes interesting reading.

The departments are crisply written, as usual. The Looker-on and the Crier contain many gems of thought. There is a defense of Mrs. Ella Wheeler Wilcox, from the charge of plagiarism, preferred by the News Letter last week. This article is written by Mrs. Maybelle Biggart, the sunshine preacher.

The Marquis de Leuville writes another poem, entitled "Ebb Tide and Sea Storm." The News Letter has been publishing installments of poems by this gifted writer for some three weeks. De Leuville is a warm personal friend of Buffalo Bill Cody and Mark Twain, and a remarkable figure on the streets of London. He stands over 6 and one-half feet in height and is broad in proportion. He is the poet preferred of the English aristocracy.

Of interest to Alameda County is a sensational article entitled "The Statistician." "The County Superintendents," "The Race Track" and "More Sun-spots," and there will be the usual rush on the news stands in Oakland to see who has been given attention by the Grand Jury. There is a leak somewhere and the News Letter sanctum seems to have a private wire. For those who like big game hunting there is a splendid story by Lionel E. Smith, which is an actual experience, and which the author has entitled "Pill Devil, Pill Baker." To be had at all news stands.

PROTEST AGAINST SMELTER SITE

Mass-Meeting Called at San Leandro to Voice Public Sentiment.

SAN LEANDRO, Dec. 6.—To protest against the proposed locating of the Guadalupe smelter at San Mateo the board of trustees has called a mass meeting for December 12 at St. Joseph's Hall. Dr. P. W. D'Evelyn, chairman of the Alameda county protest committee, and A. A. Cunningham, a prominent chemist, who has studied the effects of smelter fumes on vegetation and livestock, will be among the speakers.

Committees have been active among the farmers and orchardists in this vicinity endeavoring to secure financial aid to make the anti-smelter fight.

The argument against the smelter is based upon the theory that the prevailing westerly winds would carry the obnoxious fumes directly into the rich farming lands in this locality and ruin vegetable growth for miles around.

The San Leandro board of trade has taken unusual interest in stimulating a public sentiment against the smelter scheme. The work in Alameda county is being conducted in cooperation with an organization of San Mateo county property owners, who have raised a large fund.

James M. Vibberts of Wethersfield, Conn., the oldest bagmaster in America, has resigned because of rheumatism. He is 87 years old, and has been bagmaster on the Valley division of the railroad since 1871. He sets a pension and a free pass.

There will be about 10,000 more pupils in the public schools of New York City this month than there were one year ago at the opening of the schools.

CANDIDATES ARE WORKING TO WIN RICH PRIZES IN CONTEST

ONLY A FEW DAYS ARE LEFT

Secure Subscriptions and Many Votes Now.

Only eight days are left in which to win a prize in the Great \$10,000 Prize Contest of THE OAKLAND TRIBUNE. The work you have already done will probably count for nothing if you do not secure many subscriptions during the next few days.

In eight more days the contest will pass into history. Every day should be filled with hard work, ceaseless effort and systematic canvassing. Resting on one's oars does not bring success. The final sprint to the tape will probably be an exciting one and filled with many surprises.

The race that has been set in the contest is a fast one, but during the remaining days it will increase rapidly and be at a fever heat on the final night of the balloting. Those who have been following the leaders will have to take a long breath, and get ready for a whirlwind finish.

New pacemakers are established in a night, and judging from the way the

votes are coming in a number of startling surprises are in store for some of the candidates. It is safe to say that some of the candidates who were in the lead on last Sunday, will not win their prize unless they do some last hustling.

RESERVE VOTES.
Some candidates already have large reserves, and are leaving no stone unturned in their efforts to increase them. The wise candidate will secure every possible vote. They will all be needed on the closing night, 8 p. m., Monday, December 16th.

MANNER OF VOTING.
Votes are given on all paid-in-advance subscriptions as follows:

Three months, \$5.00..... 100 extra votes
Six months, \$8.00..... 200 extra votes
One year, \$15.00..... 300 extra votes
Two years, \$25.00..... 500 extra votes
Three years, \$35.00..... 800 extra votes
Three hundred votes are also issued on a classified advertisement. A coupon book which contains coupons worth \$2.50, but sells for only \$2.

CLASSIFIED AD COUPONS.
An innovation in voting contests is the issuing of votes on classified advertisements. A coupon book containing coupons to the value of \$2.50 is sold for \$2. This is a saving of 20 cents on each dollar, and will prove a great incentive for those who advertise. Classified advertisements are such as "Help Wanted," "For Sale," "Rooms to Rent," etc. These classified advertisement coupons can be used at the time the books are bought or at a later date as may be desired.

An Englishman in Scotland was abusing the country, complaining of the state of the border, and wondering if there were a spot where he could get less to eat. "I could tell you a place where you would get less," said a Scot who was listening to the blunder. "Where's that?" asked the other. "Oh, just where an Englishman's been!" said the Scotsman dryly.

2 DAYS' PAY FOR ONE DAY'S WORK

Special Four Hour Session Entitles Legislators to Extra Per Diem.

SAN FRANCISCO, Dec. 6.—Two days' pay for one day's work is what the legislators who recently met at Sacramento will get for their last hours in session. The attorney-general today decreed it and the law allows it.

The last special session adjourned on Saturday at noon. Governor Gillett immediately issued a supplementary call for a session to ratify the amendments recently voted to the charter of San Francisco. This lasted about four hours or less, but the many of the legislators put in a claim for an extra per diem compensation, making two per diem claims for this day.

SLAIN ON STREET WHEN HE REFUSED TO PAY DEBT

Chinese Shot Three Times in Head—Citizens Disarm and Hold Murderer Until Police Arrive.

(Special to The Tribune.)
SAN FRANCISCO, Dec. 6.—Because he could not pay a \$500 debt, Wong Fong, a well-dressed Chinese, living temporarily at 329 Eighth street, Oakland, was murdered in cold blood at the corner of California and Webster streets at 2 o'clock this afternoon, and Fong Ong, the murderer, was immediately arrested by two citizens and turned over to the police.

The murder occurred as it did in front of the Temple Israel, and in a populous neighborhood, soon attracted a great crowd. The dead man is a prominent Los Angeles merchant and he was walking along Webster street this afternoon when Fong Ong approached him and demanded that he pay \$500 which he owed. A quarrel ensued which ended in Ong's pulling a revolver and shooting the other.

Chinaman three times in the head. The man dropped to the street, dying instantly, and several citizens hurriedly disarmed the murderer and held him until the police arrived.

He was taken before Captain Kelly was locked up and charged with murder, and confessed the deed after which he it is thought the affair may be the result of the Tong war.

WOMAN DRINKS ACID IN ATTEMPT ON LIFE

(Special to The Tribune.)
SAN FRANCISCO, Dec. 6.—Mrs. Abbie Cole, 25 years old and wife of a well-known barber, attempted to commit suicide at 1:30 o'clock this afternoon by swallowing the contents of a bottle of carbolic acid. The woman had been drinking for some time and became depressed as the result, it is said, of a protracted sorrow.

Her husband was present at the time and he immediately telephoned for an ambulance and had her conveyed to the Central Emergency Hospital, where Dr. Bensley applied the stomach pump, and it is thought she will recover.

LUTHERAN MINISTER CALLED TO THIS CITY

Rev. M. A. Christensen, Lutheran pastor of the Norwegian Synod at Seattle, is in this city, having been called to take charge of the Trinity Lutheran Church on Athens avenue. Rev. Mr. Christensen is a Western man. He spent the summer in Alaska as field missionary of his denomination among the many miners and prospectors of Scandinavian descent.

In speaking of his new field in this city Rev. Mr. Christensen said:

"We have for several years been doing church work in Oakland, but exclusively in the English language. The immigration from the Scandinavian countries as well as from our old Eastern churches has been so great that the church board has decided to place a man in this field. Oakland is a fine city, and I now realize why the successful Christians always spoke so highly of it."

WOULD VALIDATE ALL LAND DEALS

Extensive Efforts Being Made by Those Involved in Imperial Frauds.

LOS ANGELES, Dec. 6.—Exhaustive efforts are being made by those involved or interested in the alleged land frauds in Imperial Valley to secure a ruling from the interior department which will validate all filings in question and relieve the holders of such land from further investigation and possible prosecution.

Attorney E. A. Meserve of this city, counsel for the California Development Company, but acting, he says, on behalf of several private land owners in the valley, recently made an oral argument before the department and submitted a lengthy brief upon the subject.

LEGALIZE FILINGS.
He asks for a ruling which would make legal all filings whether there has been a prior agreement by the entryman to assign the same or not, providing in all cases that the limit of holdings should be 220 acres. It is contended by persons opposing this move that such a ruling would virtually throw down the bars and allow an individual or corporation to secure through "stool pigeons" as much land as desired. The brief of Attorney Meserve urges the rights of land holders in the valley and asserts that the situation there is critical. It urges the department to extend speedy relief.

A horse in good condition can exist about twenty-five days without food, so long as he has plenty of water to drink.

One tea company in India has under cultivation 1500 acres, while another has 200 acres. It costs to produce the tea and place it in the market at Calcutta from 7 to 8 cents a pound.

Rev. Mr. Christensen will preach in the Trinity Lutheran Church, Athens avenue, near San Pablo and Twenty-fifth street, at 11 a. m. Sunday.

BLAMES MINERS FOR THE TROUBLE

M. J. Monette, Prominent Broker, Declares Men Are Responsible.

LOS ANGELES, Dec. 6.—M. J. Monette, president of the Los Angeles Nevada Mining Stock Exchange and one of the big operators of Goldfield in an interview today, laid the whole blame for the present situation in Goldfield upon William D. Haywood. Monette is quoted as follows:

"All of the present trouble at Goldfield is due to the activity of William D. Haywood, secretary-treasurer of the Western Federation of Miners. It was due solely to his influence that the miners' union there refused to accept checks on the Goldfield banks in part payment of their wages some time ago and at a meeting of the miners urged them to refuse these checks. I am satisfied that 75 per cent of the miners' union were not in sympathy with him in this move but they seem to be so thoroughly under the control of a few leaders that they have been afraid to take independent action. Many of these men are anxious to return to work and in my opinion there will either be a split in the union in Goldfield or the open shop rule will prevail in all of the large mines there. The Mine Owners' Association is determined that it will no longer submit to the arbitrary dictation of a few union agitators."

JAP CASHES 10 CENT SALOON SCRIPT FOR \$10

A Japanese restaurant-keeper, whose name has not been learned by the police, reported through a friend today that a woman this morning entered his place of business and passed on him a saloon advertising paper, similar to a greenback, for \$10. On the paper were the words "The Occidental Currency, southeast corner of Eighth and Washington, Wines, Liquors and Cigars. Good for face value." At each end of the paper were the figures 10 standing out in bold relief, meaning 10 cents, but accepted as a \$10 greenback, who did not realize his mistake until he tried to bank it.

THUGS CAUGHT IN ACT OF ROBBERY

Struggling Victim Cries for Help Attract Police Who Makes Arrest.

(Special to The Tribune.)
SAN FRANCISCO, Dec. 6.—Attracted by subdued cries for help issuing from a dark hallway on Third street, Policeman Rooney discovered Henry Hittzway held in the grasp of two men, with whom he was vainly struggling, at the same time calling for help.

Hittzway told the officer that the two men had held him up and were attempting to go through his pockets. They were accordingly taken to the city prison and booked on a charge of attempted robbery. They gave their names as Fred Ekstein, 20 Loral Place, and John M. Harney, 724 Hayes street.

Neither man is known to the police and it is thought they are amateurs at the business.

BIG CROWD AT BRANDT BENEFIT

A benefit for the widow of the late Edward Brandt, the fireman who met his death while fighting flames in a Washington street store, was given this afternoon at the Bell Theater, and it attracted one of the largest crowds ever to gather at the theater. Chief Ball took charge of a five playhouse at 1:30 o'clock, Manager Conn turning the box office over to him. Ball then placed his own men in charge and every cent that was taken in will go to the aid of the dead fireman's widow.

The response to our birthday gift giving continues to astonish us day after day. We never dreamed such crowds possible. What is pleasing us most, however, are the exclamations of satisfaction, delight, surprise and happiness as our customers receive money gifts after they have purchased their clothing.

\$1.00 to \$50.00 in Every Envelope

We wish to remind you that but 15 gift-giving days remain. It is our desire that every man and woman in OAKLAND should participate in our generous birthday offering of new, crisp bills—\$1 to \$50 in every envelope.

Come along—bring your friends and join in the thousands that have made this the greatest event we have ever had in our splendid career.

IMPROVEMENT OF FIRE DEPARTMENT

Chief Ball Will Install New
Boxes and Also Modern
Tapper.

Numerous improvements in the local fire department are at present being advocated by Chief Ball, one of the first to be undertaken being that of installing about twelve new fire alarm or succession boxes throughout the business section. At the last meeting of the fire and police commissioners a resolution was adopted at the instance of City Electrician Babcock appropriating \$499 for the proposed improvement.

MODERN BOXES.

The new boxes to be installed are far superior to those at present in use. They are called succession boxes for the reason that if two boxes should be turned in at the same time from different sections of the city, the last box, if a succession box will keep whistling until the first alarm is in and then will record in such a manner as to turn in the alarm to headquarters.

ONE AT TIME

With the old boxes if two were turned in at the same time, only one of them will record a cut-off being provided so that there will not be confusion in the ringing of alarms. This trouble as well as the cut-off, is entirely eliminated in the new boxes.

NEW FIRE TAPPER

Another improvement for the near future is to be the installation of a new fire tapper which is to be up to date in every particular. With the new tapper installed there will be no danger of a mistake in the proper recording of alarms. In all these steps are being taken with the object in view of saving time in being advised as to fires and in keeping up with proposed improvements in other branches of the city government.

If you are nervous or dyspeptic try Carter's Little Liver Pills. Dyspepsia makes you nervous and nervousness makes you dyspeptic. Either one renders you miserable and these little pills cure both.

ODD FELLOWS HAVE LARGE INITIATION

Next Monday, December 9, Fountaine Lodge No. 195 I. O. O. F. will have four candidates for the first degree. The team is expected to report at 8 p. m. sharp, for instructions and all brothers are cordially invited to attend.

The previous meeting was a busy one and a good attendance including many visitors made it both interesting and instructive.

The following officers were elected for the ensuing term: Noble, grand; W. A. Sturgeon, v. grand; Norman Jensen, trustee; J. Jepson, the recording secretary; A. J. secretary and treasurer; Paul Grant, bellows; Rohl and Swenson were elected for a year in July.

One member was elected two applications referred to investigating committee and two candidates were initiated the work of the team being highly commended.

PORTLAND SOCIETY HEAR SCALVE SING

PORTLAND, Or., Dec. 6.—Madame Calve the famous prima donna appeared here for the first time in concert and with a grand orchestra. The first night of the second act of "Carmen" Madame Calve was an excellent singer and was heard with applause by the judges and the audience. The singing was of the highest quality and the singing of the orchestra was of the highest quality. The singing of the orchestra was of the highest quality.

SCROFULA AN OF DISEASE AND SUFFERING

No truth is more forcibly manifested in physical life than the old saying "like begets like," for just as the offspring of healthy ancestry are blessed with pure, rich blood, insuring health and strength, so the children of blood tainted parentage inherit a polluted circulation to burden their existence with disease and suffering. Swollen glands about the neck, brittle bones, weak eyes, pale, waxy complexions, running sores and ulcers and general poor health, are the usual ways in which Scrofula is manifested. In some cases the blood is so filled with the scrofulous germs and tubercular matter that from birth life is made miserable with suffering. Others who inherit the disease succeed in holding the trouble in check during young, vigorous life, but when the system has begun to weaken and lose its natural vitality, and especially after a spell of sickness, the ravages of the disease will commence, and in a great many cases terminate in Consumption. S. S. S. is the very best treatment for Scrofula. It renovates the entire circulation and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes to the very bottom of the trouble and removes the cause and cures the disease, but it supplies the weak, anaemic blood with the healthful properties it is in need of. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and is an absolutely safe remedy for young or old. Book on the blood and any medical advice about Scrofula given free of charge.

DETECTIVE DIES OF UMBRELLA JAB

Insignificant Wound Proves Fatal
24 Hours After Altercation.

SAN FRANCISCO, Dec. 6.—Nearly twenty-four hours after his brain had been pierced by the steel point of an umbrella, Thomas McCarthy, head of the McCarthy Detective Agency at Eddy and Fillmore streets, died last night at the "colic" hospital. He received his injury as a result of a quarrel with Dr. E. B. Lee on Wednesday night at the corner of Fillmore and Turk streets. Lee was arrested late last night.

The altercation that resulted in the death of McCarthy was the culmination of a quarrel of long standing and the cause of the bad blood that existed between the men is said to have been a woman known as Lizzie Manning.

UNITED MINE WORKERS' LOOTED BY BURGLARS

LA SALLE, Ill., Dec. 6.—John Mitchell, president of the United Mine Workers of America, left the hospital here for his home at Spring Valley, Ill. He has almost entirely recovered from the operation for appendicitis on October 31. He will remain at his home for some time.

ACCUSED POLICE BESEIGE OFFICE

Monterey Newspaper Is Threatened by Patrolmen who Are Later Suspended

MONTEREY, Dec. 6.—Two Monterey policemen nearly prevented the afternoon issue of the Monterey Express. The policemen established a blockade on the office and Editor Porter had to telephone to the chief of the department to whistle away the coppers before the daily chronicle of Monterey news could be continued.

William D. Howe of Pacific Grove was primarily involved in the case. Howe was arrested at 2 o'clock yesterday morning by Policemen J. Wilds and David Jones. He was released shortly afterward and then complained that Wilds and Jones had hit him of \$20. The police men declared that Howe did not have any money when arrested. R. I. Grant, a reporter on the Express, contended that the policemen declared that Howe did have \$20.

WILDS AND JONES BESEIGED the office of the Express and demanded of Editor Porter that Grant be delivered up to the enemy. Porter needed Grant at that time as the paper was about to go to press. He refused the demand. The policemen were insistent. Wilds drew a revolver and threatened to blow off the editor's head. Porter telephoned to the chief of police saying that the two policemen were bothering the Journal. Later he preferred charges of threats against life against Wilds and Jones. Howe swore to a complaint before the police commissioners charging Wilds and Jones with robbery. Yesterday afternoon the two policemen were indefinitely suspended from their force and the Express was allowed in time for the afternoon tea tables.

WORKED 45 YEARS; NEVER MISSED A DAY

Chicagoan Tells Why He Did Not Need a Doctor in 70 Years.

CHICAGO, Dec. 6.—Robert G. M. Lucas, 71 years old, resigned his position in the office of the American Express Company here last night ending a 45-year term of service for the company, in which time he has never missed a day's pay.

For seventy years Mr. Lucas had no need of the attention of a physician. Mr. Lucas began work for the express company as an express messenger. He gives the following advice for those who would emulate his example: "I had dropped the silver plate and a good worker ask. A good worker is a great requisite of a good worker as good brains."

I have observed that the men who got highest are those who were not complainers and who did not watch the clock too closely. Young man, don't smoke to excess. If I had dropped smoking when I could my bank account would be \$5000 larger today.

SWIFT'S MANSION IS PRESIDENT RECOVERED

CHICAGO, Dec. 6.—Burglars broke into the mansion of Herbert L. Swift yesterday and rifled the house of jewels, family plate and other valuables the price of which has not yet been estimated. Listed in the articles taken were the family plate and silver that has been a most valued heirloom of Mrs. Swift for years.

SELL ACTRESS' HOME FOR XMAS PRESENTS

NEW YORK, Dec. 6.—The furnishings of Mrs. Ella Carter's New York house are to be turned into Christmas presents. Mrs. Carter, receiver in bankruptcy for the actress, yesterday secured an order from the court for the immediate sale of the contents of the house, on his representation that the wife-a-brave and antiques in the house would sell to much better advantage before Christmas. The exact date of the sale has not yet been announced.

Among persons of social standing generally the world throughout the average age of marriage is at present men 37, women 24.

FISHERMAN READY FOR GREAT FIGHT

Japs and Greeks Want Exclusive Rights and Are Skirmishing to Get Them.

LOS ANGELES, Dec. 6.—A fierce fight is in progress between Japanese fishermen and a party of white fishermen for the exclusive right to make catches in the waters which surround San Clemente, the southernmost island of those which line the southern coast.

The only place on the island where a landing may safely be made is held by the white men, while the Japanese are waiting for reinforcements before making a dash for the beach. Unless some authority intervenes it seems certain that somebody will get hurt before the fight ends.

The white fishermen have sent for assistance and nearly a score of their fellows have sailed from San Pedro to aid them in keeping off the Japanese.

The white fishermen have enjoyed the exclusive use of the San Clemente fishing grounds for years but Sunday two boatloads of Japanese appeared there and prepared to land. The white men stoned the boats so vigorously that the Japanese retreated. Later they again attempted to land in small boats, but one of the boats was capsized.

The Japanese then retired to a small rocky island near the large island and camped there. Both sides have received armed reinforcements.

No city in the world has so many near-by pleasure places as New York city and no city presents so many discomforts in getting to them.

Neurasthenia

is the physicians name for a condition of weakness or exhaustion of the nervous system. The patient finds difficulty in keeping his mind on his work, is often depressed and irritable, is subject to headaches or a feeling of pressure on the head, is sleepless and sometimes the digestion is disturbed. A tendency to the disease may be inherited or it may result from almost any form of excess from overwork and worry or the use of drugs or stimulants. The common name for this disorder is

Nervous Debility

or in extreme cases, nervous prostration. The treatment consists largely in rest, recreation and the use of a tonic, the discontinuance of any practice that may have caused it and abstinence from tea, coffee or other stimulants. As the nerves receive their nourishment through the blood the latter must be built up and made rich and pure. Especially if there is loss of weight and a pallor indicating a weakness of the blood, Dr. Williams' Pink Pills are the tonic best adapted to effect a cure. They have been used by the most eminent physicians for the treatment of neurasthenia with most excellent results. The late Dr. Lapponi who was physician to two popes recommended them highly for neurasthenia and for similar disorders.

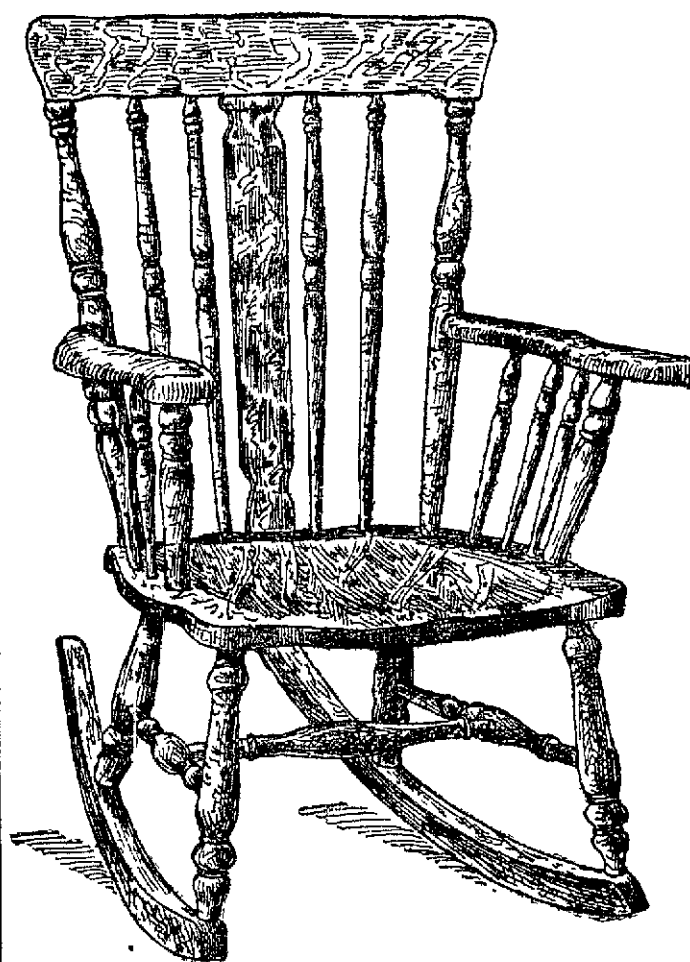

Home Treatment

Dr. Williams' Pink Pills being perfectly safe as a family medicine without the necessity of a separate prescription for each case, are sold in packages under the well-known trade mark which is our guarantee to the purchaser of the genuineness, purity and harmlessness of the contents. Hundreds of nervous men and women have cured themselves at home with Dr. Williams' Pink Pills.

A Thorough Cure

Mrs. E. C. Bradley of 103 Parsells avenue Rochester, N. Y., says: "I was weak, low-spirited and nervous. I could hardly walk and could not bear the least noise. My appetite was poor and I could not sleep well. I had severe headaches most of the time. I was treated by two doctors but got no relief and then decided to try Dr. Williams' Pink Pills. I soon began to feel better and the improvement was general. My appetite became hearty and my sleep better. The headaches all left and a few more boxes entirely cured me. I would recommend Dr. Williams' Pink Pills to any nervous sufferer."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

ORIENTAL LOVER ALLEGES THEFT

White Girl Must Answer Charge
of Stealing Engagement
Ring.

Melvin Finney, 19 years old, an attractive Sacramento girl who was arrested in a Washington street lodging house yesterday afternoon by Detective Harry Green, has been taken to Sacramento to answer to a charge of larceny preferred against her by a rich Chinese merchant, Ah Fong, who accuses the girl of having run off with an expensive diamond engagement ring given her by him.

The arrested girl and Ah Fong were engaged, but Miss Finney recently became tired of the attentions of her Oriental sweetheart and jilted him, making her way to this city, where she was in search of employment. It is said that Fong and the girl planned to be married some weeks ago. The girl was known here as Bessie Crosby.

ALLEGES THEFT.
The jilted man bases his charge of larceny on the fact that when the girl left Sacramento she failed to return to Fong the diamond ring he had given her as a token of their engagement. He claims that the ring was only loaned to her after the courtship began, but the real reason for the Chinese merchant's action is said to be his resentment at being cast off.
In Sacramento Miss Finney lived with her parents and worked as a stenographer. It is said the girl's parents had no objections to the attentions of the Chinese to their daughter.

The population of the prairie provinces in Canada has increased in five years from 461,000 to about a million.

ANARCHISTS PLOT TO SLAY EMPEROR AND ARCHDUKE

POLICE ON WATCH FOR MURDERERS

Lives of Francis Joseph and
Ferdinand Said to be in
Danger.

Emperor Francis Joseph—His recent severe illness, together with his age—he is seventy-seven years old—has caused a great deal of speculation as to the future of Austria's royal family. The Emperor, in spite of his age, has been an extremely active man.

BUDAPEST, Dec. 5.—The Nap, a newspaper of this city, published a sensational story today to the effect that an anarchist plot upon the lives

of Emperor Francis Joseph and Archduke Francis Ferdinand, the heir to the throne, has been discovered. The story appears to be founded upon the fact that the Hungarian po-

Archduke Karl Franz Josef—who, it is said, has a large number of admirers in Austria and Hungary. There has been considerable unrest since the inception of the Emperor's illness on account of the possibility of a contest for the Austrian throne at his death.

He were informed recently that four well known anarchists had left Geneva for Hungary with the object of making an attempt on the life of Francis Ferdinand.

The police were instructed to watch the frontier closely, but so far as is known, no anarchists have yet entered Hungarian territory.

GOVERNMENT INFORMED.
VIENNA, Dec. 5.—In answer to an inquiry, concerning the reported anarchist plot against the lives of Emperor Francis Joseph and Archduke Francis Ferdinand, it was officially

2 CHARGED WITH ROOM BURGLARIES

Suspects Are Arrested in San
Francisco and Brought Here
for Trial.

Domingu Martinez and Francisco Aros, natives of Panama, about 20 years of age, who were under arrest in San Francisco on suspicion of burglary, were delivered to the local police this afternoon, at request of Chief of Police Wilson, being wanted here on charges of having committed numerous room burglaries in the day time.

They will be charged with burglary in the second degree. The first evidence against them was given by Mrs. M. A. Oimstead, of 401 Twentieth street, whose home was entered by the two men the latter part of November, and \$100 in money and jewelry and other articles valued at \$500 stolen.

The men were seen at work in the Oimstead house and in getting out of the place knocked down a small child which was on the stairway. Their descriptions were given to the police. They were also seen in the Vincent House, at Seventh and Market streets, where they stole a revolver and other articles.

LABOR LEADER MAY RECOVER

Victim of Insane Man's Shots
Shows Improvement.

BOSTON, Dec. 5.—Edward Cohen of Lynn, president of the Massachusetts State branch of the American Federation of Labor, who, with Dennis Driscoll, secretary of the State branch, was shot at the State House yesterday by J. A. Steele of Everett, while the latter was suffering from a fit of insanity, showed much improvement during the early morning, and he will probably recover.

MURDERER DIES GAME ON GALLOWS

Morris Buck Hung at San Quen-
tin for Killing Woman in
Los Angeles.

SAN QUENTIN, Dec. 5.—Morris Buck, who murdered Mrs. Chas. A. Canfield, wife of a wealthy Los Angeles oil operator, on January 27, 1906, paid with his life for his crime this morning upon the scaffold at San Quentin prison.

Buck had been confined in the penitentiary since 1906 and during this time showed no sign of regret for his crime. A few days ago Warden Hoyle had the condemned man removed to the wooden cage which is situated in the room next to the scaffold. The noise made by the men testing the rope and fixing the trap did not bother Buck, and he talked jokingly to his watchers. During yesterday afternoon and evening he was visited by Fathers Callopy and Walsh, who prepared him for his end. He slept well during the night, and did not once show any signs of nervousness. He said he would die game and he did.

ATE HEARTILY.
This morning he awoke early and after dressing himself in the clothes in which he was to be executed, ate a hearty breakfast. Father Callopy called and remained with him until he was declared dead. A few moments before the time set for the execution Warden Hoyle entered the condemned cell and read the death warrant to Buck. His hands were strapped to his sides and the march to the gallows was begun promptly at 10:50. Warden Hoyle took the lead. Then came the priests, chanting the prayers for the dying, and following came the

condemned man, a guard on each side. He then stood upon the trap, guard at broagast placed the rope about his neck, drew the black cap, the signal was given and his body dropped.
Below the trap stood prison physician Dr. Stone and Dr. Galehouse of San Rafael. In fourteen minutes the condemned man was declared dead. He was then cut down and placed in a prison coffin. Last evening he made a request to see his brothers, who reside in Los Angeles, but neither came.

The less a man thinks of his neighbor the more he thinks of himself.
